SEC Membership# 1187673

Location: Tabuk, Saudi Arabia

Professional Summary

A dynamic and results-driven environmental professional with 8+ years of diverse experience in the construction sector across Pakistan and Saudi Arabia. Currently serving as an Environmental Manager at Al Majal Alarabi Group, I excel in designing and implementing sustainable solutions—including CESMP and environmental risk assessments—that drive compliance, enhance operational efficiency, and safeguard the environment. Additionally, I bring proven offshore experience, which further broadens my expertise in managing complex environmental challenges across varied operational settings. My strong leadership, technical acumen, and excellent communication skills empower me to coordinate cross-functional teams and deliver data-driven reports for high-stakes decision making.

Professional Experience

1. Al Majal Alarabi Group, KSA

Environmental Manager

Project: Guest Arrival Experience Road Access to Resort Core **Client:** Qiddiya Investment Company

Duration: September 2025 – to date

Key Responsibilities

- **CEMP Development & Implementation:** Formulated and executed Construction Environmental Management Plans (CEMP), integrating mitigation measures and compliance protocols into project workflows.
- **Strategic Program Leadership:** Directed the planning and rollout of CESMP strategies, aligning environmental safeguards with specific project demands.
- **Regulatory Compliance Expertise:** Delivered authoritative support on national environmental laws, ensuring full regulatory alignment across site operations.
- **Environmental Monitoring & Response:** Oversaw daily assessments of air, soil, water, and noise quality, initiating swift corrective measures to maintain standards.
- **Audit Execution & Support:** Conducted thorough internal audits and played a key role in facilitating client-driven environmental audit procedures.

Environmental Manager

Project: Neom Residential Community 05 **Client:** NEOM

Duration: December 2024 – August 2025

Key Responsibilities

- **Program Leadership:** Spearheaded the development and execution of CESMP initiatives tailored to project needs.
- **Compliance Oversight:** Provided expert guidance on local environmental regulations, ensuring adherence across all activities.
- **Monitoring & Inspection:** Led daily environmental monitoring for air, soil, water, and noise, driving rapid corrective actions where necessary.
- **Audits:** Performed comprehensive internal environmental audits and actively contributed to client-led audit processes.

Environmental Manager

Project: Temporary Power Utility

Client: The Red Sea Development Company

Duration: May 2024 – December 2024

Key Responsibilities

- **Risk Mitigation:** Managed environmental compliance during temporary power installations, ensuring minimal environmental impact.
- **Reporting Excellence:** Generated clear and actionable reports to inform stakeholders and adjust strategies in real time.

Environmental Manager

Project: Sand Quarry

Client: The Red Sea Development Company

Duration: February 2024 – December 2024

Key Responsibilities

- **Site Assessments:** Oversaw rigorous environmental risk assessments to optimize quarry operations while reducing ecological footprints.
- **Mitigation Measures:** Devised and implemented control strategies to mitigate the impact of discharges, manage hazardous waste and spills, and groundwater contamination, and enhance energy utilization.
- **Reports Submission:** Compiling of Daily, Weekly and Monthly Environmental Reports as per

Client's standards.

2. MAG-MAN JV

Environmental Engineer

Project: Ummahat Al Shaykh Island (H11) **Client:** The Red Sea Development Company (*Offshore Project*)

Duration: November 2023 – January 2024

Key Responsibilities

- **CESMP Compliance:** Directed the application of CESMP frameworks, ensuring that construction practices consistently met client's environmental policies and KSA regulatory requirements.
- **Environmental Risk Compliance Audits:** Conducted comprehensive environmental risk evaluations for an offshore project, ensuring strict compliance with environmental standards. Conducting detailed internal environmental audits and actively supporting client-organized audit reviews.
- **Strategic Environmental Protection Planning:** Preparing environmental protection control plan for impact of discharges, hazardous waste and disposal, spill and leaks, control soil or ground water contamination and maximize the efficient use of energy
- **Reports Submissions:** Generating clear and actionable daily, weekly, and monthly environmental reports to inform stakeholders and adjust strategies in real time.

3. Initial Saudi Group, KSA

Environmental Engineer

Project: Ummahat Al Shaykh Island (H11) **Client:** The Red Sea Development Company (*Offshore Project*)

Duration: January 2023 – November 2023

Key Responsibilities:

- Executed systematic environmental monitoring and inspections, generating data-driven insights to support corrective actions.
- Compiled detailed environmental performance reports that influenced strategic decision making.

4. Jaffer Group of Companies, Pakistan

Environmental Engineer

Duration: January 2020 – December 2022

Key Responsibilities:

- Implemented and refined environmental management systems that improved regulatory compliance and site safety.
- Conducted regular audits and risk assessments, producing actionable findings that enhanced operational sustainability.

5. Imarat Group of Companies, Pakistan**Environmental Officer**

Duration: February 2019 – December 2019

Key Responsibilities:

- Conducted site inspections and maintained detailed records to ensure adherence to environmental standards.
- Assisted in the development of site-specific environmental policies and emergency response protocols.

6. University of Agriculture Faisalabad, Pakistan**Environmental Officer (Internship)**

Duration: March 2017 – September 2018

Key Responsibilities:

- Gathered and compiled statistical data on environmental parameters, contributing to baseline assessments and reporting accuracy.
- Conducted environmental surveys to evaluate site conditions, identify potential risks, and support compliance planning.
- Monitored site housekeeping practices, issuing corrective orders to maintain environmental hygiene and safety standards.
- Assisted in documentation and field coordination for Project and Project related tasks, gaining hands-on exposure to regulatory frameworks.

Education

- **MPhil in Agriculture Science** University of Agriculture, Faisalabad, Pakistan
- **BSc (Hons) in Agriculture Science (4-Year Program)** University of Sargodha, Pakistan

Professional Certifications

- **Member of Saudi Engineering Council - Membership #1187673**
- **Project Management Professional (PMP)®**
- **OTHM Level 7 Diploma** in Environmental and Sustainability Management
- **Lead Auditor (ISO 14001:2015)** from LICQUAL UK
- **Sustainability Skills for Managers** – IEMA
- **Introduction to Industrial Hygiene** – OSHAcademy
- **Introduction to Environmental Law and Policy** – Authorized by The University of North Carolina at Chapel Hill (via Coursera)

Technical Skills

- MS Excel, MS Word, MS PowerPoint
- Internet, Windows OS, AutoCAD (2D Max)

Core Competencies

- **Environmental Management:** Preparation and implementation of CESMP; rigorous environmental compliance monitoring (air, water, noise, soil).
- **Risk Assessment:** Comprehensive environmental risk evaluations with proactive mitigation strategies.
- **Waste & Pollution Control:** Effective waste management strategies and pollution control measures tailored to large-scale projects.
- **Leadership & Training:** Skilled in team leadership, delivering environmental awareness training, and conducting toolbox talks.
- **Reporting & Auditing:** Proficient in detailed report writing, data validation, and conducting corrective audits to ensure compliant operations.
