Professional Summary:

Project Engineer with over 10 years of experience in Germany, Saudi Arabia, and Syria, managing a wide range of projects including roadworks, infrastructure, and bridges. Living and working across three countries has strengthened my ability to adapt quickly to new environments and collaborate with diverse teams. Skilled in project coordination, time management, and communication, with a strong track record of achieving organizational goals. Committed to continuous learning and going the extra mile to ensure high-quality project delivery.

Professional Experience

12/2019 - Present

Project Engineer

Philipp Kutsch GmbH – Aldenhoven, Germany

Field of Activity: Infrastructure, road and highway Construction Projects

- Leadership and supervision of project teams
