## Building Engineer

- +966544698719
- [alialshaikh00100@gmail.com](mailto:alialshaikh00100@gmail.com)

### SUMMARY

Recent building engineering graduate with hands-on experience in both technical design and project coordination. Skilled in AutoCAD, BIM modeling, structural systems, and cost estimation. Adaptable and detail-oriented, with a strong understanding of architectural and MEP disciplines and a commitment to contributing effectively to engineering teams.

### EDUCATION

#### *Building engineer*

**August 2019 May 2025**

Imam Abdulrahman Bin Faisal University

Bachelor of Science in Building Engineering

### EXPERIENCE

- *Al Madar Office — Qatif, 31911 January 2023 – April 2023*
- Conducted regular site inspections to ensure compliance with safety standards and project specifications.
- Coordinated with project managers and subcontractors to maintain construction schedules and resolve on-site issues.
- Verified engineering plan measurements and calculated material needs for projects.
- Prepared cost estimates for proposed projects based on labor costs, materials utilized, and other expenses.

### SKILLS

- AutoCAD
- BIM Modeling
- Cost Estimation
- Structural Analysis
- Construction Management
- Building Codes Compliance
- Dialux
- Fire protection and safety systems
- Building Services Integration
- Design Builder

### LANGUAGES

- Arabic - Native
- English - Bilingual
