## SUMMARY

Detail-oriented Technical Office Engineer with years of experience in managing technical documentation, reviewing working drawings, BOQs, and ensuring project compliance with Egyptian and Saudi building codes. Proficient in Revit, AutoCAD, with a strong focus on accuracy, coordination, and sustainability. Adept at collaborating with cross-functional teams to ensure smooth project execution.

I am a dedicated and highly skilled full-time Architectural-Interior \*PROFESSIONAL\* with more than 3 years of experience in Architecture, Interior-Exterior Design, Landscaping, AutoCAD 2D Floor Planning, Furniture Planning-3D Design, 3D Rendering, and creating the best projects for my clients.

## EDUCATION

### Bachelor of Engineering, Architecture Department

[Kafr El-Sheikh University](#) 

Sep 2018 - Jun 2023

Kafr El-Sheikh, Egypt

Grade: Good

Graduation Project: Excellence 92 %

## WORK EXPERIENCE

### Interior design

Apr 2025 - present | Riyadh, KSA

Apr 2024 - Mar 2025 | Cairo, Egypt

### Technical Office Architect

*Architecture Group*

- Designed residential and administrative towers, as well as commercial malls, focusing on architectural layout and working drawings using AutoCAD.
- Executed external project designs, utilizing 3ds Max to create detailed visualizations and renderings, effectively conveying design intent to clients and stakeholders.

### Kitchen Design Specialist

*IN Wood Kitchen*

Sep 2023 - Nov 2023 | Jizah, Egypt

- Applied design principles to create customized kitchen layouts that enhance client comfort and meet their specific needs and preferences.
- Gained extensive knowledge of kitchen materials, including wood and other materials, and their market prices, to inform design choices and budget planning.
- Produced shop drawings and final visualizations to facilitate the manufacturing process and present the final design to clients.

## WORKSHOPS

### Urban Design

*Technische Universität Berlin - Internship*

Oct 2021 - Dec 2021 | Remote, Germany

**Project Highlight:** The training culminated in a field visit to the Mīt 'Alwan Market in Kafr El Sheikh. This commercial market, with its array of urban issues, served as a real-world case study for applying design solutions and understanding the impact of urban design on community well-being.

## TECHNICAL SKILLS
