## Summary

Dedicated electrical engineer with 3 years of professional experience in electrical connections, circuit breaker installations, and system maintenance. Proficient in preparing detailed technical reports using Microsoft Office tools. Demonstrated expertise in designing, implementing, and troubleshooting electrical systems with a focus on safety and efficiency. Adept at collaborating with cross-functional teams to meet project deadlines and deliver high-quality solutions.

## Skills

Circuit breakers installation and maintenance  
Electrical fault analysis and troubleshooting  
Proficient in using electrical tools and measurement devices  
Adherence to safety and occupational health standards.

## Experience

**AlWatania Poultry**, Qassim  
*Electrician Technician*, 01/2022-Present

- Successfully installed, maintained, and repaired electrical systems across production lines, ensuring continuous and efficient operations.
- Conducted routine inspections and troubleshooting for electrical components, including motors, control panels, and wiring systems.
- Managed the installation and connection of circuit breakers and power supply systems in accordance with safety standards.
- Collaborated with maintenance and production teams to minimize downtime and improve system reliability.
- Prepared and documented detailed technical reports using Microsoft Office, providing actionable insights to enhance system performance.
- Ensured strict adherence to occupational safety and health regulations while working on high-voltage and sensitive electrical systems.
- Participated in the implementation of energy-saving solutions, contributing to cost reduction and sustainability initiatives.

## Education

### **Bachelor's Degree in Electrical Power and Machines Engineering**

Qassim College of Technology, Qassim, Saudi Arabia Graduated: 2025 GPA:4.31

### **Diploma in Electrical Machines and Equipment**

Qassim College of Technology, Qassim, Saudi Arabia Graduated: 2020
