

AMMAR ABU SHANAB

Project Engineer/Manager

Riyadh, Saudi Arabia | +966 50 245 8473 | ammarabushanb1@gmail.com | Jordanian
www.linkedin.com/in/ammaraabu-shanab-22bb41206

CAREER OBJECTIVE

Project Engineer focused on safe, on-schedule delivery by orchestrating engineering-to-site workflows, embedding KPI look-aheads, takt production, and QA checkpoints to improve productivity and first-pass yield across multi-disciplinary projects.

STRENGTHS & KEY SKILLS

- Cross-functional delivery for private, commercial, and industrial facilities
- Takt/pull production with KPI-driven 2–4 week look-aheads
- Interface management across civil, MEP, and architectural trades
- QA systems (ITPs, stage gates, NCR prevention/closure) and HSE leadership (PTW, JSA, toolbox talks)
- Vendor/subcontractor governance; RFIs, submittals, and material approvals
- Site logistics and lifting plans; perimeter utility tie-ins
- Clear progress reporting, stakeholder communications, scope control, risk registers, and handover dossiers

WORK EXPERIENCE

- Project Manager/project Engineer | United Company for Caravans & Prefab Houses (UNIFAB), Saudi Arabia | 2022 – Present
 - Coordinated engineering, factory, and site teams to deliver prefabricated modules and site-built interfaces (KAFD, KKIA Terminal Mosque areas, LUCID KAEC, Red Sea Project – Shura Island, Aramco’s JGCP-31).
 - Prepared/managed RFIs, submittals (drawings, PQDs), and approvals with consultants; tracked KPIs and maintained progress reports.
 - Led technical meetings for clarifications, sequencing, and access/permits; supported QA/QC (WIR/MIR) and HSE compliance (RAC work permits).
 - Planned logistics, lifting plans, and look-ahead schedules; coordinated factory production readiness and site installation windows.
- Civil Engineer | Third Dimension Contracting Company, Jordan | 2019 – 2022
 - Supervised government building works, coordinated contractors and stakeholders, and ensured compliance with specs and standards.
 - Managed project documentation, progress reporting, and site inspections.

EDUCATION & CERTIFICATIONS

- B.Sc. Civil Engineering (5-years) — Yarmouk University, 2019
- Saudi Council of Engineers (SCE) — Member; Jordan Engineers Association (JEA) — Member
- OSHA Certification; SITAS Training (Aramco Projects)
- PMI — Generative AI for Project Manager (awareness)

TOOLS & SYSTEMS

Primavera P6; MS Office; Civil 3D; SAP Ariba & ERP; EDMS; basic BIM/viewers
