## Professional Summary

Dynamic Senior Surveyor with 14+ years of experience in Qatar, UAE, and Greece, specializing in infrastructure, roads, underground utilities, landscaping, hardscape, facade, and fit-out projects. Highly skilled in advanced surveying techniques for complex developments, including micro tunneling, storm water systems, and luxury real estate projects. Proven track record of delivering accurate layouts, as-built documentation, and managing survey teams for high-profile clients.

## Major Highlights

- Specialized in roads, highways, and infrastructure surveying, including storm water networks, sewage systems, and dry utilities.
- Delivered large-scale facade works: glass balustrades, aluminum & stone cladding, curtain walls, and structural glazing.
- Led fit-out surveying for luxury apartments, villas, and commercial spaces: gypsum partitions, glass partitions, false ceilings.
- Managed landscaping and hardscape surveying for pathways, parks, decorative paving, and outdoor features.
- Advanced underground utility scanning with Leica DS2000 utility radar and subsurface mapping expertise.
- Expertise in micro tunneling projects and complex underground works with precise setting-out techniques.

## Key Projects & Companies

- Gewan Island Pearl, Qatar – Luxury villas, apartments, beach club (Singapore Engineering & Contracting W.L.L)
- Abu Hamour Shopping Village – Qatar's largest commercial complex (Lemirage Fit Out)
- Shiel 5 Program Site 7 – Roads, utilities, and infrastructure (Al Seal Contracting JV AICI)
- Shooting Range & BMS Buildings – Infrastructure and landscaping (Al Khayarin Trading & Contracting W.L.L)
- Multi-Story Car Parking, Barzan Camp – Amiri Guard Project (Al Khayarin Trading & Contracting W.L.L)

- IDG Expansion Phase 1 – Major infrastructure development (Archi Rodon Group N.V, UAE)

## Key Skills

- AutoCAD & AutoCAD Civil 3D
- Microsoft Office Suite: Word, Excel, PowerPoint
- Underground utility scanning and subsurface mapping
- Roads and infrastructure survey techniques
- Facade and fit-out surveying expertise
- Landscaping and hardscape survey alignment
- Setting out, leveling, and as-built documentation
- Project coordination and quality assurance reporting

## Professional Experience

**Aug 2024 – Present** - Survey Engineer at SEC Scientific & Technological Constructions, Greece

*Project:* City School & Football Stadium, Evia

*Responsibilities:* Layout and setting out of structural, mechanical, electrical, and infrastructure components. Integrated landscaping and external works into project design using precise control points.

**Jul 2023 – Aug 2024** - Senior Surveyor at Singapore Engineering & Contracting W.L.L, Qatar

*Project:* Gewan Island Pearl

*Responsibilities:* Managed surveying for luxury apartments, villas, and beach club facilities. Oversaw facade works including glass balustrades and stone cladding. Directed fit-out surveying for high-end interiors and coordinated with contractors on infrastructure elements.

**Oct 2019 – Dec 2022** - Senior Surveyor at Lemirage Fit Out, Qatar

*Project:* Abu Hamour Shopping Village & Infrastructure Works

*Responsibilities:* Conducted surveys for commercial buildings, roads, and utilities. Oversaw facade, fit-out, landscaping, and hardscape surveying. Prepared detailed as-built reports for approval.

**May 2018 – Oct 2019** - Land Surveyor at Al Seal Contracting JV AICI, Qatar

*Project:* Shiel 5 Program Site 7

*Responsibilities:* Surveyed roads, storm water networks, sewage, dry utilities, and related infrastructure. Verified construction drawings and maintained quality standards.

**Dec 2016 – Oct 2018** - Land Surveyor at Al Khayarin Trading & Contracting W.L.L, Qatar

*Project:* Shooting Range Packages 1 & 2

*Responsibilities:* Handled surveying for roads, utilities, landscaping, and specialized structures. Managed multipurpose facility layout and external works.

**Dec 2013 – Oct 2016** - Land Surveyor at Al Khayarin Trading & Contracting W.L.L, Qatar

*Project:* Multi-Story Car Parking, Barzan Camp

*Responsibilities:* Performed layout, leveling, and as-built documentation for parking and building infrastructure.

**Jan 2012 – Oct 2013** - Land Surveyor at Archi Rodon Group N.V., UAE

*Project:* IDG Expansion Project Phase 1

*Responsibilities:* Surveyed infrastructure elements and utilities for a large-scale expansion project, ensuring precision and compliance.
