Profile

A passionate and detail-oriented Civil Engineer with three years of hands-on experience in site supervision, structural works, and project coordination. Skilled at turning technical drawings into real-world solutions with a strong focus on quality, safety, and efficiency. I enjoy solving problems on-site, leading teams toward smart solutions, and continuously improving the way things are built. I'm driven by curiosity, precision, and the ambition to deliver projects that stand out for both strength and beauty.
