Roles and Responsibilities

Site Execution & Supervision

- Supervise and monitor all on-site civil works as per approved drawings, specifications, and project schedule.
- Ensure proper execution of structural, finishing, and infrastructure works (excavation, concreting, rebar, formwork, masonry, asphalt, utilities, etc.).
- Coordinate with subcontractors, foremen, and labor teams to achieve daily production targets.
- Verify materials and workmanship quality before and during construction activities.

Quality Control & Safety

- Ensure all works comply with project specifications, IFC drawings, and relevant standards (ASTM, ACI, BS, etc.).
- Conduct site inspections and assist QC team during RFI inspections.
- Maintain strict compliance with HSE standards and ensure safe working conditions on site.

Planning & Coordination

- Plan daily activities and allocate manpower, materials, and equipment.
- Coordinate with consultants, clients, and internal departments for smooth project progress.
- Attend technical meetings and resolve site issues through proper communication.
- Prepare and update daily site progress reports.

Documentation & Reporting

- Maintain daily site diary, work permits, inspection requests, and checklists.
- Track material consumption and request materials as per project requirements.
- Prepare BOQs, quantity take-offs, and assist in cost control.

Skills

Microsoft Office (SAFE, SAP2000)

AutoCAD 2D,3D Revit.

Languages

Urdu: Fluent. Arabic: Intermediate

English: Excellent.
