Professional Summary

Civil Engineer with 5+ years of experience in site execution, construction supervision, QA/QC inspections, and project management for large-scale residential, commercial, and infrastructure projects. Skilled in reviewing structural and architectural drawings, managing manpower, subcontractors, and resources, and coordinating with consultants and stakeholders to achieve project milestones. Proficient in concrete works, reinforcement, finishing, waterproofing, and utilities, with strong knowledge of building codes, ASTM standards, ITPs, and IRs. Adept at ensuring HSE compliance and delivering projects within scope, budget, and schedule.

Core Competencies

- Construction Supervision & Site Management
- QA/QC & Inspection (**Concrete, Steel, Finishing Works**)
- Structural & Architectural Drawings Review
- Stakeholder & Subcontractor Coordination
- AutoCAD, MS Office, Excel
- Non-Conformance Report (NCR) Documentation & Resolution
- Material Verification & Compliance Checks (**Concrete, Steel, Aggregates, Formwork**)
- Corrective & Preventive Action (CAPA) Implementation

Professional Experience

Civil QC Inspector

Nov 2023 – Oct 2025

Arab Company for Engineering Studies (ACES) | NEOM Projects

Tabuk, Saudi Arabia

- Conducted **150+ QA/QC inspections** of civil works, including **concrete, reinforcement and foundations**, achieving **100% compliance** with approved drawings, ITPs, and IRs.
- Verified **materials and workmanship for 200+ structural elements**, reducing rework by **15%** and maintaining **zero non-conformance reports (NCRs)**.
- **Prepared and submitted 50+ daily, weekly, and monthly QC reports**, including inspection checklists, test results, and corrective actions, ensuring **100% documentation accuracy**.
- **Coordinated with 10+ subcontractors and 5 consulting engineers, resolving 100% of site technical issues within 48 hours**, ensuring project milestones were achieved on schedule.
- **Monitored HSE compliance for 50+ workers**, maintaining zero Lost Time Incidents (LTI) across all project sites.
- **Maintained 200+ QC documentation records, ensuring 100% traceability.**

Junior Quality Engineer

Aug 2022 – May 2023

SMC Infrastructure Pvt. Ltd. | Design and Construction of Flyover at Shipata Junction on Old NH-4

Client: Mumbai Metropolitan Region Development Authority (MMRDA)

Location: Mumbai, India

- **Conducted 200+ quality inspections for bridge components** including piles, piers, girders, and deck slabs ensuring compliance with IRC and MORTH standards.
- **Supervised 150+ concrete pours for bridge structural elements** achieving consistent slump and compressive strength results.
- Implemented strict material testing and approval processes **reducing material rejection rate by 18%**.
- **Coordinated design and site teams resolving 90% of alignment and quality issues within 72 hours.**
- **Oversaw pre-stressing and grouting works** ensuring record documentation and adherence to QA standards.
- **Trained 10 field supervisors and technicians on bridge-specific inspection and test procedures increasing team readiness by 20%.**
- **Compiled daily and weekly inspection reports** for submission to consultants and project management.

FQA Quality Engineer

Jun 2019 – Jul 2022

RDC Concrete India Pvt. Ltd.

Bihar, India

- **Oversaw quality assurance for ready-mix concrete operations across 117+ RMC plants** ensuring compliance with BIS standards.
- **Conducted 5,000+ tests on fresh and hardened concrete** ensuring mix consistency and performance.
- **Reduced concrete rejection rates by 20%** by optimizing mix designs and improving supplier compliance.
- **Audited 15+ raw material vendors ensuring QCI/BIS certification** and maintaining uniform supply quality.

Education

Diploma in Civil Engineering

2019

State Council for Technical Education & Vocational Training (SCTE & VT), Odisha

Certifications

- AutoCad
