

MOHSEN MOHAMED ABDELRAHIM

PROJECT MANAGER | CIVIL ENGINEER

ABOUT ME

Strategic Project Manager & Civil Engineer **with over 15 years of proven leadership** in delivering large-scale commercial, residential, and infrastructure projects across Saudi Arabia and Egypt. Expert in managing full project lifecycles, driving execution excellence, and ensuring on-time, on-budget delivery while maintaining the highest engineering and quality standards. Skilled in translating project objectives into actionable plans, coordinating multidisciplinary teams, resolving technical challenges, and optimizing resources to achieve operational efficiency. Known for strong decision-making, clear communication, and the ability to lead complex projects in fast-paced environments.

EXPERIENCE

Project Manager – Alfahd Investment Company | Al Qassim, KSA Jan 2016 – Present

- Lead full project lifecycle for commercial, residential, and infrastructure developments from planning to handover.
- Supervise site teams, contractors, and subcontractors to ensure adherence to technical specifications and timelines.
- Manage project budgets, cost estimates, and material procurement in coordination with engineering and finance teams.
- Review designs, shop drawings, and construction schedules to resolve technical issues proactively.
- Oversee quality control, safety compliance, and risk management across multiple active sites.
- Prepare detailed progress reports, interim payments, and project documentation for management and stakeholders.

Major Projects Delivered:

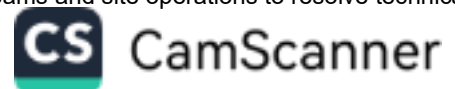

- Fitness Time Building – Unayzah
- IKEA Building – Unayzah
- Boulevard Unayzah Mall – Al Qassim
- Al Qadesia Commercial Mall – Riyadh
- Faisal 1 & Faisal 2 Residential Buildings
- Al Khuzama & Seville Infrastructure Projects
- Finishing of 24 Residential Villas – Unayzah

Site Engineer – Al Motamyzon Consulting Engineering Office | Al Qassim, KSA | Jan 2015 – Jan 2016

- Supervised construction activities and ensured compliance with engineering standards and project specifications.
- Followed up with contractors, reviewed materials approvals, and monitored project schedules.
- Prepared daily site reports, inspections, and progress documentation.
- Coordinated between design teams and site operations to resolve technical discrepancies.

Key Projects:

- Boudle Hotel – Riyadh
- Civilization Center – Bukairyah
