

ALI ABDALLAH

Riyadh, Saudi Arabia | 0506746311 | alihabd1@gmail.com

Civil Site Engineer | SCE Member (Civil Engineering Classification)

PROFESSIONAL SUMMARY

Civil Site Engineer with solid hands-on experience in fit-out, steel structures, FRP, theming, and concrete works across large-scale and mega projects, including the Y-Seven Mega Project valued at 50 Billion SAR. Strong background in site execution, inspections, technical reporting, coordination with consultants and subcontractors, and quality control. Proven ability to work in fast-paced site environments and deliver works in line with drawings, specifications, and safety standards.

PROFESSIONAL EXPERIENCE

Site Engineer | Mint Creative Production – Y-Seven Mega Project

May 2025 – Present | Riyadh, Saudi Arabia

- Working on a 50 Billion SAR large-scale mega project.
- Executed fit-out works including gypsum boards, tiles, and architectural finishes.
- Supervised installation of 120+ tons of steel structures as per approved drawings.
- Coordinated FRP and theming works including installation sequencing and quality checks.
- Supervised concrete works, inspections, and daily site reporting.

Site Engineer | Simple Design Contracting – Burj Al Faisaliyah

Jan 2024 – Mar 2025 | Riyadh, Saudi Arabia

- Executed interior fit-out works including gypsum partitions, ceilings, tiles, and finishes.
- Coordinated MEP works (HVAC, electrical, plumbing) with finishing activities.
- Managed subcontractors, inspections, and snag resolution.

Civil Engineer Intern | Saudi Icon Company

Nov 2023 – Dec 2023 | Riyadh, Saudi Arabia

- Site inspections, BOQs preparation, drawings review, cost estimation, and documentation.
