---

### Professional Summary

Results-oriented and proactive HSE Engineer with over 3 years of demonstrated experience in enhancing workplace safety and ensuring compliance within high-risk construction environments. Proven expertise in implementing safety management systems, conducting site supervision, and leading initiatives that contributed to achieving over 10 million safe man-hours. Adept at preparing detailed reports, building relationships with contractors and stakeholders, and applying knowledge of ISO 45001 and ISO 14001 standards to foster a culture of safety and continuous improvement.

---

### Professional Experience

#### **Modern Building Leaders (MBL)** | HSE Engineer | *Sept 2023 – Present*

- Managed the end-to-end process of issuing and monitoring work permits, ensuring 100% compliance with project and regulatory safety standards.
- Conducted daily site inspections and risk assessments, identifying potential hazards and implementing corrective actions that reduced safety violations by 25% within the first six months.
- Played a key role in the SEVEN Abha project by enforcing strict safety protocols, contributing to the project's milestone of over 10 million safe work hours.
- Prepared and presented comprehensive daily, weekly, and monthly HSE reports to project management and stakeholders.

#### **Khatib & Alami** | Occupational Health and Safety Engineer | *Sept 2022 – Jan 2023*

- Monitored and validated daily work permits, ensuring accurate documentation and adherence to safety procedures.
- Developed and delivered detailed daily, weekly, and monthly safety reports, highlighting key observations and trends.
- Oversaw safety compliance on the BLVD World project, coordinating with contractors to address and rectify safety breaches promptly.

- Introduced enhanced preventive measures for high-risk activities, supporting incident-free operations during critical project phases.

**Asdood Contracting** | Government Relations Officer | *Feb 2018 – Oct 2021*

- Managed all governmental transactions and renewals, including company licenses and project approvals, ensuring uninterrupted operations.
- Liaised with key authorities to expedite project approvals and resolve official inquiries, improving project turnaround time by 20%.
- Represented the company in official communications and meetings, strengthening institutional relationships and supporting long-term operational success.

**National Water Company** | Intern (Cooperative Training) | *May 2021 – Jul 2021*

- Assisted in on-site supervision and quality compliance monitoring for ongoing infrastructure projects.
- Supported the project management team with progress reporting and coordination between site and office staff.

**STC Channels** | Intern (Summer Training) | *Jun 2019 – Aug 2019*

- Assisted customers with service inquiries and provided tailored solutions, improving customer satisfaction ratings.
