### Experience

**10/2022 - Present**

— **Senior Architect ( Design, Site & Coordinator)**  
**At ( Rak Ceramics ) Jeddah , Saudi Arabia**

I am working as a Senior Architect, where my responsibilities include coordinating with various teams and departments, blending design, management, and site supervision. Additionally, I have substantial experience working as a Site Architect, which has provided me with a comprehensive understanding of on-site project execution. I also have significant experience in Interior Design, having worked on numerous projects that required a keen eye for detail and a deep understanding of aesthetics and functionality

**01/2022 - 10/2022**

— **Site Engineer At ( Concrete Plus )**  
**Sawari Site , Alexandria , Egypt**

I worked as a site architect at the Sawary site in Alexandria, Egypt , where I was responsible for finishing and delivering 22 villas to the consultant and owner. Throughout the project, I gained valuable experience in management, coordination, and design involvement, and I contributed to the preparation of shop drawings to ensure the project achieved the highest standards in quality and aesthetics.

05/2021 - 01/2022

### — Senior Project Coordinator At MTA ( Mohamed Tallat Architects ) Cairo , Egypt

- In my previous role as a Planning Engineer and Consultant Coordinator, my responsibilities included:
- **Coordination Between Departments:** I facilitated coordination among various departments to ensure smooth information flow and integration of efforts to meet project objectives effectively.
- **Design and Drawing Preparation:** I was responsible for designing and preparing architectural drawings, which were sent to the site after receiving client approval, ensuring that the execution matched the required specifications.
- **Site Work Monitoring:** I oversaw the site work starting from the handover from the general contractor, conducting meetings with the client, contractor, and subcontractors from other departments to ensure high-quality execution.
- **Quality Assurance:** I ensured that all work adhered to the approved designs and specifications, striving to maintain the highest standards of quality throughout the project's lifecycle.

09/2018 - 09/2022

### — Teaching Assistant At King Marriott Academy Alexandria , Egypt . Part Time

- Assisted in teaching various courses in the field of architecture, including building design, executive drawings, and architectural history.
- Provided academic support to students, including helping with design projects and offering technical guidance.
- Contributed to coordinating educational activities, including reviewing and grading assignments and exams.
- Participated in curriculum development to enhance the quality of education in the architecture program.
- Acted as a liaison between students and faculty to ensure an effective learning environment.

05/2019 - 05/2021

### — Site Engineer At ( Laithy + Architects ) North Coast , Cairo & Alexandria , Egypt

I have worked as a Site Architect on high-end residential projects aimed at premium clients, as well as on commercial and landscape projects, ensuring execution to the highest standards of quality and precision. I have been involved in major projects such as Four Seasons Cairo, Almaza Bay, Palm Hills, Beverly Hills, Emerald Plaza, Hacienda, and Amwaj. Throughout these projects, I delivered the final handover to clients with the best designs and the utmost attention to detail in execution. Additionally, I gained experience in coordination, organization, and negotiating with contractors to ensure optimal implementation

06/2018 - 05/2019

### — Junior Architect At (Heads Design and Build ) For Dr. Salah Hareedy & Dr. Marwa Mahfouz, Alexandria , Egypt

I have worked as an exterior architectural designer, contributing to numerous designs and participating in large projects and competitions with great success. I have also worked on interior design, meeting with clients, conducting site visits, supervising work, and producing executive drawings. Additionally, I have participated in designing public gardens in major projects, including the Jawar residential project, the new Borg El Arab Square, Rio Club, Lagoon Club, and various other projects.
