

((CV))

Name: - Fathi Ahmed El-Sharif El-Darrasi.

Date of Birth: - 12/1/1980. Benghazi - Libya.

Tel: - 00218927037448 - 00218920521134

Academic Qualification: -

- Bachelor of Electrical Engineering "Garyounis University" in **2004 - 2005.**
- Master of Electrical Engineering "UKM University" from Malaysia in **2011.**

Current Place of Work: -

- General Electricity Company of Libya

Work Experience: -

- Head of the Planning Office in **2006.**
- Head of the Studies Department in **2008.**
- Member of the Infrastructure Committee since **2007.**
- Member of the DMS Committee for Distribution of Management Systems (Substation Control) in **2008.**

Experience Summary:-

- Design and study of the high voltage network **11 kV** and the low voltage network **0.4 kV** and street lighting.
- Design of interior distribution networks for electrical administrative buildings such as hotels, hospitals, schools, conference halls, cultural buildings ... etc. which include lighting, sockets, phone lines, fire alarm, computer networks, surveillance systems, UPS, nurse call systems and T.V .
- Preparing and reviewing the technical specifications required for projects.
- External electrical works including laying electrical cables, external lighting installations and installing substations (transformer, distribution panel and ring main unit).
- The supervision of the different stages of electrical works.

Experience: -

2007

- Preparing a complete design for **30 kV**, **11 kV** and low voltage networks for a 5000 housing unit project in the Bofakhra region of Benghazi.

2013

- Preparing a complete design for **30 kV**, **11 kV** networks, low voltage networks and designing external lighting networks for a 5000 housing unit project in the Jardinah region of Benghazi

2014

Al-Dalil Institute for Oil Professions, Benghazi

- lecturer with Al-Dalil Institute for Oil Professions, Benghazi / (Electrical Distribution instructor)

2015

Faculty of Electrical and Electronic Technology,
Benghazi

- lecturer with Faculty of Electrical and Electronic Technology, Benghazi / (Linear Systems instructor)

2019-2017

African Company for Electrical and Mechanical

Projects

- Design, drawing and review of electrical installations related to the high and low voltage electrical distribution network.
- Supervising for all electrical installations at lighting the airport road and the Nawaqia region.

2018

University of Benghazi Garyounis

- lecturer with the Faculty of Engineering, General Department, Benghazi / (Electro physics instructor)

2018

British University of Benghazi

- lecturer with the Faculty of Engineering / (Electrical Circuits Lecturer - Electronic Circuits instructor)

2019

New Bayan Company

- Drawing and supervising for all electrical installations and lighting in the Budrisa and Nawaqia region.

2020

Mojasm Al-Asri Company

- Design, drawing and review for all electrical installations related to the high and low electricity distribution network.

2020

Abr Al-Alam Company

- Review and supervision for all electrical installations related to the electricity distribution network and external lighting in Sidi Faraj region.

2020

Barqa Libya Holding Company

- Execution of internal electrical works for the site of 676 residential units in Jardinah.
- Supplying and installation of a high voltage and low voltage electrical network and lighting works at the site of 676 residential units in Jardinah.
- Execution of electrical network for the administrative building at the site of 5000 residential units in Dariana.

2021

Al-Ufuq Architectural Company

- Executive Director of the company.

2022

- Preparing a complete design for 30 kV, 11 kV, 0.4 kV networks and the external lighting networks for Sidi Abdel Ati region ((5500 housing units))

2023

Jisr Al-Rawad Company for Contracting and
construction

- Technical Director of the Electrical Department for the company's projects.

Courses obtained: -

- "Electrical Power Distribution" course from Egyptian Electricity Holding Company.
- NEPLAN course.
- "ETAP" course.
- "DIALux evo" course.
- "ICDL" course.
- "Auto CAD" course.
- "Primavera Project Planner" course.
- Strategic Planning course from the National Institute of Administration, Benghazi.
- Certificate from the "bell international" Institute for English Language Teaching
- Certificate from the "ELS" Institute for English Language Teaching Kuala Lumpur, Malaysia
