KEY SKILLS

- Steel Detailing, BIM Modeling
- Shop & Fabrication Drawings
- Structural Analysis Interpretation
- Material Specification Verification
- Clash Detection & Coordination
- Drawing Standards Compliance
- Quality Standards Compliance
- Workplace Safety Management
- Risk Assessment & Hazard Identification
- Safety Training & Awareness
- Incident & Accident Investigation
- Communication Skills, Time Management
- Team Collaboration, Critical Thinking
- Leadership, Problem-Solving

COMPUTER SKILLS

- MS Office
- MS Word
- MS Exell
- Tekla
- AutoCAD

CAREER OBJECTIVE

Experienced Steel Detailing Engineer (Modeler/Editor) and Safety Officer with 3 years of comprehensive experience in preparing accurate 2D/3D steel detailing, shop, fabrication, and erection drawings. Skilled in coordinating with engineers, architects, and site teams to ensure precision, compliance, and timely project execution. Proficient in BIM and AutoCAD with strong knowledge of safety regulations and standards. Dedicated to maintaining quality, safety, and efficiency across all project stages. Seeking to contribute technical and safety expertise to a progressive organization.

WORK EXPERIENCE

2025 – Present

STEEL DETAILING ENGINEER(MODELER) D SHARP ENGINEERING COMPANY

- Prepare accurate 2D and 3D steel detailing drawings and models based on structural drawings and project specifications.
- Develop shop drawings, fabrication, and erection drawings for structural steel components.
- Collaborate with structural engineers, architects, and site teams to ensure design accuracy and constructability.
- Maintain BIM/TEKLA/AutoCAD models and documentation, ensuring all revisions are properly updated and recorded.

2023 – 2024

STEEL DETAILING ENGINEER(EDITOR) RA-TECH ENGINEERING, LLP

- Review and edit 2D and 3D steel detailing drawings for accuracy and compliance with project specifications.
- Verify shop, fabrication, and erection drawings to ensure correct dimensions and material specifications.
- Coordinate with steel detailers, engineers, and site teams to resolve design discrepancies.
- Maintain and update BIM/AutoCAD/TEKLA models, ensuring all revisions are accurately recorded.

2022 – 2023

SAFETY OFFICER AI-TEC ELECTRICALS, BENGALURU, INDIA

- Develop, implement, and monitor safety policies and procedures to ensure a safe work environment.
- Conduct regular site inspections and risk assessments to identify hazards and ensure compliance with safety regulations.
- Provide safety training and guidance to employees and contractors on proper practices and emergency procedures.
