

Afnan Abid

BSc in General Chemistry

Contact afnanabed@outlook.sa +966554526929

Objective

Dedicated and detail-oriented chemistry graduate seeking a Chemist position. Eager to apply my background in chemistry to support quality control, materials testing, and industrial process improvement. I aim to contribute to safety, efficiency, and innovation through strong technical skills, laboratory experience, and a commitment to maintaining high operational standards.

Education

Taibah University **2024**

- Bachelor of Science, General Chemistry GPA: 4.70 Second Honors degree

High School **2019**

- Natural Sciences Section CGP: 97.30
-

Experience

Volunteer Inspector – Saudi Food and Drug Authority (SFDA) **June-2025**

- I volunteered for one month with the Saudi Food and Drug Authority as a field inspector, where I participated in site visits to ensure compliance with safety and quality regulations. My role involved collecting and documenting samples, reporting violations, and coordinating the submission of materials to the laboratory for further analysis. This experience strengthened my skills in regulatory compliance, attention to detail, analytical thinking, teamwork, field inspection procedures.

Laboratory Experience - Taibah University **2022-2024**

- I gained practical experience across several chemistry fields, including physical chemistry through electrochemical testing of metal corrosion and studying galvanic and electrolytic cells. I also worked in organic chemistry, where I synthesized and purified compounds using common laboratory techniques, and in inorganic chemistry by preparing and studying coordination complexes and their properties. In addition, I used analytical techniques such as IR and UV-Vis spectroscopy to analyze compounds, assess purity, and understand concentration-absorbance relationships.

Practical Skills

- Accuracy in observation and documentation
- Technical report writing and document preparation
- Accurate data collection and analysis
- Risk assessment and selection of appropriate procedures
- Implementation of safety and quality standards

Soft Skills

- Adaptability and continuous learning
 - Analytical thinking and problem-solving
 - Time management and task organization
 - Teamwork and effective communication
 - Attention to detail
-

Languages

- Arabic (Native)
 - English: STEP : 93 out of 100 IELTS : 6.5 out of 9
-

Certificates

- *“ISO 9001 QMS Standards Practical Requirements Application” - Technical and Vocational Training Corporation (TVTC), 2023*
- *“Methods of Analyzing Drug’s of Different Samples Course” - Taibah University Science Club, 2021*
- *“Introduction to the Nanotechnology Characterization techniques Course” - Taibah University Science Club, 2020*
