Personal Data

Nationality: Egyptian

Date of birth: 5/12/1990

Military status: Exempted

Marital status: Married

Address: Prince Sattam St. Madinat Al Umal, Al Khobar

Transferable Iqama no.: 2585747229

Saudi Council of Engineers membership no.: 1077712

Saudi Driving License: Available

Summary

- Civil engineer with +12 years of experience as a QA/QC Engineer.
- My objective is to join your successful team, gain experience at the profession, also to continue developing my skills to reach a managerial level related to construction and quality control.

Education

Bachelor's degree in civil engineering.

- Faculty of engineering Suez Canal university
- Year of graduation 2013, Grade (Very good).
- Graduation Project. (Material Project), Grade (Excellent).

Licenses

- ISO 9001:2015 Lead Auditor Quality Management System.
- Issuing authority CQI/IRICA.
- Certificate no. 050822/QMS15203.
- Issue date 6-9-2022.

Work Experience

SR. QA/QC Engineer (Acting as QA/QC Manager) | Building Construction Company BCC | | 10/2024- Present |
Job Responsibility:

- Develop and implement the Project Quality Plan (PQP) in line with ISO standards and project specifications.
- Establish inspection and test plans (ITPs), method statements, and quality control procedures.
- Coordinate with engineering, procurement, and construction teams to ensure quality expectations are clear.
- Supervise and lead the QA/QC Engineers and Inspectors.
- Review and verify all material submittals, calibration certificates, and test reports.
- Review all shop drawings and as-built drawings for compliance.
- Issue and track Non-Conformance Reports (NCRs) and follow up on corrective.
- Maintain records of all inspections, tests, and quality reports.

- Submit weekly and monthly QA/QC reports to the Project Manager.
- Act as the main point of contact for all quality-related matters with consultants and clients.

Project:

Remal Business court RBC

- The client: Remal Park Fund
- Developer: Retal Urban Development.
- PMO: Colliers Project Leaders (CPL).
- Consultant: EHAF Consulting Engineers.
- Remal Business Court Project is a large and complex commercial development consisting of a total 15 buildings with two basement levels.
- BCC scope includes the execution of the structural (skeleton) works, with a project budget of 165 million Saudi riyals.

QA/QC Team Leader Engineer

| Gama Construction | | 4/2022- 10/2024 |

Job Responsibility:

- Design, develop, and implement comprehensive QA/QC processes and procedures for the project.
- Ensure adherence to industry standards, regulations, and project specifications.
- Develop quality plans and inspection and test plans (ITPs) in collaboration with project management and engineering teams.
- Conduct regular inspections and tests to ensure compliance with project requirements.
- Ensure proper documentation of inspections, tests, and quality records.
- Identify and document non-conformances, deviations, and discrepancies.
- Evaluate the quality performance of suppliers and subcontractors.
- Prepare and present regular reports on QA/QC performance on project management.
- Identify potential risks related to quality and work with the project team to develop mitigation strategies.

Project:

VBC (Vaccine and Biotechnology City)

- The client is: U-VAC.
- The consultant is: MAS.
- The project consists of 17 total buildings (11 Factory, 2 administrative buildings, 2 stores & 2 water and fire tanks) with their fences, landscape and infrastructure.
- The project with total area 115,000m².

Senior QA/QC Engineer

| El Hazek Construction | | 4/2020- 4/2022 |

Job Responsibility:

- Preparing method of statement & ITP for all activities.
- Confirming that all activities are done as the specifications of the project.
- Ensuring that all materials used are approved and tested.
- Making monthly & weekly reports about QC performance.
- Closing NCR opening from the consultant after doing the corrective actions.
- Check that all documents are submitted and closed.

Project:

Alburouj

- The client is: Capital Group Properties for Real Estate Development.
- The consultant is: ECG.

- The scope of work includes two fully finished parcels, Parcel 1.05a (Consists of 32 villas and 64 units with total BUA 17,472 sqm with its landscape and infrastructure) & Parcel 1.11 (Consists of 4 residential buildings (B+G+6 typical floors) with total BUA 61,919 sqm for 126 apartments including its landscape).

QA/QC Engineer

| Rowad Modern Engineering | | 1/2016- 4/2020 |

Job Responsibility:

- Follow up & oversee different work items.
- Ensuring that the process needed for the quality management systems are established, implemented and continuously improved.
- Coordinate with site team in order to achieve high quality.
- Reviewing material documents and tests before submission.
- Inspection of concrete work and reviewing tests results.
- Inspection of all soil works and tests according to project specification and cods.

Project:

LRT (Light Rail Transit)

- Contractor: Gama & Rowad Joint Venture.
- The client is: NAT (National Authority for Tunnels).
- The consultant is: Khatib&Alami.
- Construction of LRT depot a mega project comprising of 26 railway workshop buildings, parking and other related buildings.
- Fabrication and installation of 124km precast concrete fence.
- The project is executed on a total built up are 320,000 m2

Ismailia Hyper box (Carrefour)

- The owner is: - MAF.
- Lead consultant is: YAP architects.
- Local consultant is: PACER consultants.

Kayan110 (The new ministry of defense building in the new administrative capital)

- The owner is: Armed Forces Engineering Authority.
- The consultant is: Sabbour Consulting.
- Constructing a fully finished building in the new ministry of defense.

Wind Farm El Zayd (With regions (JICA 220 MW/ KFW 40 MW/FIEM 90MW))

- The main contractor is: - Siemens Gamesa.
- The owner is: NREA (New &Renewable Energy Authority).
- The consultant is: Lahmeyer Group.
- Execution of 175 wind turbine foundations, including (excavation, shuttering, reinforcing, R.C., isolating, repairing, earthing & backfilling works).
- Execution about 48km of service road, including (cut &fill works, sub-base &base works).

Quality Control Engineer

| Unmix Egypt for ready mix concrete | | 12/2014- 1/2016 |

Job Responsibility:

- Designing concrete mixes.
- Monitoring the quality of concrete.
- Supervising the various laboratory tests for raw materials like (absorption test, specific gravity, volumetric weight ... etc.), fresh concrete like (slump test, flow test, concrete temperature) & hardened concrete like (compressive strength test).
- Choosing & checking raw materials used for concrete from various quarries.
- Choosing the suitable admixture for each concrete mix.

- Follow up concrete pouring outside for the different projects.
- Preparing all reports required by the client.
- Calibrating concrete batch plant and laboratory instruments.

Site Engineer

| Al-Madain for foundation and construction | | 9/2013- 11/2014 |

Job Responsibility:

- Supervising different work items like (excavation works, reinforcing works, finishing works ... etc.
- Supervising the excavation & pouring of different piles (Bored &CFA piles).

Project:

Social housing project in Port Said city

- The owner is: Ministry of housing, utilities &urban Communities.
- The consultant is: - Dr Ayman El Degwy Consulting Office.
- The scope of work includes the construction of 15 residential buildings (G+7 typical floors), also the excavation of piles, as each building based on 122 bored piles (27m length) and 25 CFA piles (12m length).

Courses

• MS Project	Engineering Tracks	2023
• Risk Management ISO31000/2018	Egyptian Organization for Standardization and Quality	2023
• Total Quality Management	Egyptian Organization for Standardization and Quality	2023
• ISO 9001:2015 Lead Auditor QMS.	Quality Academy	2022
• Lean Six Sigma (Green Belt)	Engineering Tracks	2021
• PMP Pre-course	Egyptian Syndicate of Engineers	2021
• Primavera P6/ ETABS/SAP	Egyptian Syndicate of Engineers	2013
• International Computer Driving License (ICDL)	Suez Canal University	2012
• AutoCAD/ Civil 3D	Army Institute	2011

Core skill

Quality Control	Leadership	Team work
Microsoft Office	Quality Assurance	Auditing
Time Management	International Standers	Communications
Civil Engineering	Method of Statement	Project Management
Risk Management	Inspection& Test Plan	Work Inspection Request
Problem Solving	Quality Reports	Project Quality Plan
