### PROFESSIONAL EXPERIENCE

#### Zawaya Al Jazeera Contracting Company

Project Manager

*Jul 2025 - Present  
Abha, Saudi Arabia*

Planning:

Define project objectives, define its scope, and develop detailed plans for implementation.

Organizing:

Allocate resources (financial, human, and material), define tasks and responsibilities, and establish timelines.

Implementing:

Supervising workflow and ensuring tasks are completed according to the plan and timelines.

Monitoring:

Track progress, identify potential problems, and develop plans to avoid or resolve them.

Communicating:

Ensuring effective communication among all stakeholders and providing periodic progress reports.

Budget Management:

Ensuring the project is on track within the specified budget.

Risk Management:

Identifying potential risks and developing plans to address them.

Quality Management:

Ensuring the project meets the required standards and quality.

#### Zamil Steel company

Material Planning Engineer

*Jul 2013 - Dec 2023  
Dammam, Saudi Arabia*

Successfully managed material planning and procurement processes, ensuring the timely acquisition of project-specific materials within budget constraints. Negotiated effectively with suppliers on pricing, delivery schedules, and payment terms, facilitating seamless project execution. Executed weekly analyses of material orders and availability, which enabled staged production and proactively mitigated potential delays. Ensured strict compliance with project specifications, standards, and technical requirements, guaranteeing the quality and reliability of all procured materials.

### EDUCATION

**Bachelor of Technology/Engineering - Mechanical**

King Khalid University

*2013  
Saudi Arabia*
