ABOUT ME

Junior Cost Estimator & Architect with a robust technical background in structural drafting, Architecture and site operations. Expert in utilizing AutoCAD and SketchUp AND V-Ray for high-end visualization. Leverages professional experience at Pyramid Engineering and Bench Mark to provide highly accurate designs. My unique combination of design proficiency and site supervision experience at ZKB Reliable ensures projects are grounded in real-world construction practicalities.

WORK EXPERIENCE

Structural Draftsman | Pyramid Consulting Engineering Services

Aug 2024 – Jan 2025 | Canal View, Lahore

- Produced precise structural plans and sections for diverse projects, including the **Haier Factory, Sana Farm House,** and the **USA Arthur Kill Road Sewer Line.**
- Translated complex engineering calculations into buildable **AutoCAD** technical drawings.
- Ensured 100% compliance with international engineering codes and design specifications.

Architect | Bench Mark

Jan 2024 – Jun 2024 | Qartaba Chowk, Lahore

- Delivered 2D/3D design and drafting for **USA and Australian** residential and commercial markets.
- Created high-fidelity renderings and visualizations using **SketchUp, V-Ray, and AutoCAD.**
- Developed professional graphic layouts and design presentations using **Adobe Illustrator.**

Site Supervisor | ZKB Reliable

July 2018 – Aug 2020 | PKLI, DHA Phase 6, Lahore

- Supervised day-to-day operations for the **Pakistan Kidney & Liver Institute (PKLI)** project.
- Coordinated with subcontractors and labor teams to ensure adherence to civil plans and schedules.
- Enforced strict **Quality Control (QC)** and safety standards for material installation and workmanship.
