

Mosaab Sheikheldin Suliman Zaroug

Chemical engineering

mosabqp@gmail.com | +966500925329 | jeddah, Saudi Arabia | Sudanese |

PROFILE: -

Motivated chemical engineer with a commitment to safety and quality assurance, equipped with a robust understanding of both theoretical concepts and practical applications. I thrive in dynamic settings where I can apply my technical knowledge to tackle complex challenges, and I am dedicated to continual learning and professional growth in the field. My goal is to utilize skills to drive innovation and support efficient processing within the industry.

WORK EXPERIENCE: -

Trainee / Pepsi Factory

10/2022 — 11/2022 | Khartoum, Sudan

- Participated in production line operations and observed quality control procedures.
- Gained hands-on experience in chemical process applications within beverage manufacturing.
- Learned about safety measures, equipment maintenance, and production efficiency improvement.

Quality Control / Wafrapharma Laboratories

03/2023 — 04/2023 | Omdurman, Sudan

- Assisted in quality control testing and sample analysis for pharmaceutical products.
- Monitored production processes to ensure compliance with safety and quality standards.
- Developed practical understanding of laboratory procedures and documentation.

EDUCATION: -

Bachelor of chemical engineer, university of science and technology 6/2022 | Omduramn,sudan

HARD SKILLS: -

Safety & HAZOP Awareness | Data Analysis | Chemical Process Design | Microsoft Office.

SOFT SKILLS: -

Communication | Teamwork | Problem-Solving | Attention to Detail | Flexibility and Adaptability | Critical Thinking | Time Management | Leadership

LANGUAGES: -

Arabic Language (Native)

English Language (Advanced)

Certificate:-

Safety & Health Training General Industry Safety and Health OSHAcademy - Occupational

IOSH Managing Safely
