

MUHAMMAD LATEEF

QC Civil Inspector

Aramco Approved

(REGISTERED WITH PEC) DEGREE VERIFIED BY
HEC,MOFA,UAE EMBASSY

Professional Summary

A Highly Skilled QC Civil Professional with 5+ years of experience in construction quality control across major infrastructure and industrial projects in Pakistan and Saudi Arabia, including high-profile projects with Saudi Aramco. Proven expertise in inspection, testing, and quality assurance of civil works such as concrete, earthworks, and road construction. Highly proficient in ensuring compliance with international standards and specifications including SAES, SAEP, ASTM, ACI, and SAMSS, consistently delivering projects to the highest quality and safety standards.

Qualification and Certification

- **B.Sc. Civil Engineering** from University of Engineering and Technology, Taxila. (**Washington Accord Approved**)
- Registered Engineer (**PEC No. Civil/62067**)
- Lead Auditor ISO 9001:2015 (Certified Training)
- Microsoft Office Specialist (Certiport Certified)
- Pearson Test of English (**PTE**)

Research Publications

- Amelioration of ductility and strength characteristics of expansive soil using cement kiln dust and hemp fiber(Conference Paper, 2023)
- Using of waste glass as a partial replacement for fine aggregates in concrete: A sustainable approach (Conference Paper, 2023)
- Riverbank protection using vegetated spur dikes of varying permeability (Conference Paper, 2021)
- Predicting soil subgrade properties with Artificial Neural Networks: A multi-parameter soil analysis through machine learning(Conference Paper, 2021)

Professional Experience

Company	Mint Creative Production
Project	Saudi Entertainment Ventures Exit-10 Al-Hamra Development Project
position	Civil QC Inspector
Duration	March 2024 - December 2025
Location	Riyadh, KSA

Contact and Credentials

Valid & Transferable

lateefismail30@gmail.com

Jubail, Saudi Arabia

Urdu, English

Software Skill

- Microsoft Office for professional documentation, data management, and presentations.
- Proficiency in Origin Lab for scientific data analysis, graphing, and batch processing.
- Experienced in RISA for structural analysis and design of complex systems.
- Capability in Primavera P6 for project planning, scheduling, and progress control.
- Proficient in ETABS for structural modeling, analysis, and building design.
- Civil 3D for civil infrastructure design and project workflows.
- Skilled in AutoCAD for precise 2D drafting and detailed 3D engineering modeling.

Areas of Expertise

- Structural inspections, quality assurance, and landscape works.
- Slope stability, seismic analysis, and soil stabilization.
- Team coordination, SOPs, and IFC drawings review.
- ANN modeling, soil property prediction, and published papers.
- ITPs, RFIs, compliance checks, and audits.
- Professional collaboration, liaison roles and procedural reviews.

Duties and Responsibilities

- Preparation of WIR.
- Attach supporting documents with inspection request like ITPs, Checklists, IFC drawings, etc.
- Witnessing the test being conducted and inspection as per approved ITP.
- Witness field inspection with clients.
- Inspection of Formwork and Reinforcement for footings and foundation prior to concrete and giving clearance for concrete work.
- Check Re-bar size, number of re-bars used for the structure, overlap etc.
- Monitor the work of a third party independent qualified inspection and testing agency for the lab material and field tests.
- Updated the documented Inspection Reports and test results.
- Maintaining the daily and weekly test results log for all the lab testing.
- All inspections including at hold points, witness points and review points.
- Inspection of subgrade, subbase & base course.
- Witness inspection of FDT Test.
- Raising of INCR.

Company	Wasmi H. AL Khaleeb Sons Company Holding
Project	Shaybah NGL Interconnecting Pipelines
position	Civil QC Inspector
Duration	September 2022- February 2024
Location	Shaybah, KSA

Duties and Responsibilities

- Controlling Quality of work as per project specifications & engineering standards (SAES, ASTM, ACI, SAIC).
- Check and review the specifications for proper construction and quality implementation at the job site.
- Preparation of RFIs & witnessing the tests and conduct inspection as per approved ITP.
- Attach supporting documents with inspection request like ITPs, Checklists, IFC drawings etc.
- Ensure that concrete batch plant and mix design is approved from the Aramco.
- Ensure that all the transit mixers reached with proper revolution counter.
- Checking concrete temperature, slump and delivery note (DN) when TM reached the project site.
- Form work, steel reinforcement and concrete inspection as per SAES.
- Earthwork inspections such as fill nature and thicknesses and witness the inspection of FDT Test.
- Updated the documented Inspection Reports and test results.
- Maintaining the daily and weekly test results log for all the lab testing.
- Arranging the quality toolbox meeting to guide the construction team to quality aspects.
- Raising the proactive notifications during construction works to avoid any non-conformance and raising INCR against the violation of Aramco standard.
- Check the work as per approved IFC drawings.
- Control all the documents related to the inspections.

Company	Fawzi Saleh Al Najrani Est.
Project	Al Sadan Housing Colony Development Project (Al-Fateh Commercial Centres)
position	Civil QC Inspector
Duration	September 2021- September 2022
Location	Jeddah, KSA

Duties and Responsibilities

- Preparation of WIR & conducting test and inspection as per approved ITP.
- Attach supporting documents with inspection request like ITPs, Checklists, IFC drawings etc.
- Witness field inspection with clients.
- Updated the documented Inspection Reports and test results.
- Witness the quality tests of raw material in the laboratory.
- Maintaining the daily and weekly test results log for all the lab testing.
- Temperature of Concrete, Time of Batching at the plant and the Revolution Counter.
- Arranging the quality toolbox meeting to guide the construction team to quality aspects.
- To raise proactive during construction works to avoid any non-conformance.
- Monitoring and inspection of honeycombs area.
- Inspection of Formwork and Reinforcement for footings and foundation prior to concrete and giving clearance for concrete work.
- Ensure the concrete is as per approved mix design,
- Ensure that all the transit mixer are approved and proper revolution counter,
- Reviewing of drawings, project specifications and engineering standards to prevent non-conformities on the project.
- Review all third-party test results.
- Control all the documents related to the inspections

Company	Mumtaz Construction Company (Pvt) Ltd
Project	Construction of Mumtaz City Housing Project
position	Trainee Engineer
Duration	March 2021- August 2021
Location	Islamabad, Pakistan

Duties and Responsibilities

- Supervised daily civil works and site activities.
- Monitored subgrade, sub-base, base course, and asphalt works.
- Maintained records of labor, materials, and equipment.
- Ensured compliance with engineering standards and minimized material waste.
- Coordinated site visits with Senior Engineers and reported daily progress.
- Oversaw building works and resolved on-site issues.
- Ensured safety compliance and reported hazards on site.
- Supported quality checks for materials and workmanship.

Company	Bunad Developer and Contraction Service
Project	Villa Construction
position	Trainee Engineer
Duration	May 2020- November 2020
Location	Rawalpindi, Pakistan

Duties and Responsibilities

- Assisted in supervising daily site activities as per drawings and specifications.
- Monitored work progress and prepared basic daily site reports.
- Coordinated with labor, subcontractors, and material suppliers.
- Supported quality checks for materials and workmanship.
- Helped with surveying, leveling, and site layout tasks.
- Ensured safety compliance and reported hazards on site.
- Assisted senior engineers in resolving minor technical issues.

Our Ref. No. MCC/21/1510

Dated: August 15, 2021

TO WHOM IT MAY CONCERN

It is to certify that Mr. **Muhammad Lateef S/o Muhammad Ismail** bearing CNIC **32102-9815160-1** has been working with us as Trainee Engineer from March 16, 2021 to Aug 15, 2021.

During his employment with the company, he handled all his assignments very professionally and according to highest construction standards. He is a genuine hard worker, a good team-player and always willing and experiment with new things and ideas. We wish him best of luck for all his future endeavors connected with his professional career.

Qaiser Abbas Bukhari
Project Manager

BUNYAD DEVELOPERS & CONSTRUCTION SERVICES

Ref No. 1012

Date: 4-Nov-2020

Experience Letter (To Whom It May Concern)

This is to certify that **Mr. Muhammad Lateef**, CNIC No. **32102-9815160-1**, was employed with **Bunyad Developers and Construction Services** as a Trainee Engineer from **6th May 2020** to **4th November 2020**.

During his tenure with us, Mr. Lateef demonstrated exceptional qualities and skills that greatly contributed to our projects. He is not only honest, hardworking, and devoted to his job, but also highly skilled. Mr. Lateef possesses a strong technical acumen and consistently applied his engineering knowledge to solve complex problems efficiently. He worked collaboratively with his colleagues and was always willing to assist others, fostering a positive and productive work environment.

Mr. Lateef's dedication and professionalism were evident in all his undertakings, and he was an asset to our team. We are confident that he will continue to excel in his future endeavors and wish him all success in his career.
