Address

Cairo, Egypt

Personal Summary

I am a Civil Engineer with hands-on experience in both structural works and architectural finishing. Skilled in site supervision, project coordination, and quality control to ensure timely and high-standard project delivery. I hold a Diploma in Architectural Finishing Works and a Diploma in Site Engineer Preparation from Bena Academy, in addition to strong technical expertise in construction drawings, materials selection, and on-site problem solving. Passionate about delivering functional, aesthetic, and durable projects while maintaining efficiency and client satisfaction. Open to new opportunities to apply my skills and contribute to challenging projects.

Experience

Alrowad

Trading&Construction

01 Oct 2024 - Current
