EDUCATION

King Saud University, Riyadh

Bachelor of Engineering in Civil Engineering

Current GPA (4.37/5)

Expected date of graduation: Oct 2026

WORK EXPERIENCE

Albawani Contracting company - Qiddiya project

Intern Site Engineer

Jun 2025 - Sep 2025

- Led progress tracking for the Six Flags Qiddiya parking area across three zones, achieving 95% of planned weekly targets.
- Improved document review workflow by eliminating batch distribution delays and coordinating real-time document handoffs, reducing turnaround time by 15%.

Azdan Real Estate Development and Investment Company

Intern Site Engineer

Jun 2024 - Sep 2024

- Streamlined concrete mixer quality inspections for two office towers by coordinating inspection schedules with mixer arrivals, reducing testing delays by around 10%.
 - Assisted in overseeing material inspections and construction progress while supporting safety enforcement and compliance with design and site safety standards.
-

EXTRACURRICULAR ACTIVITIES

Tammakan initiative - Future skills

Head of the Planning Committee

Sep 2025 – Present

- Led the Planning Committee, successfully secured guest speakers through professional outreach and coordination, and managed team efforts for all event logistics and setup.

Civil Engineering Club - King Saud University

Member of the Planning Committee

Sep 2022 - Jan 2024

- Contributed to the planning and execution of educational workshops and seminars, and coordinated site visits to provide members with practical industry exposure.

Volunteering

- Actively supported the organization and logistics of King Saud University's Introduction Week for three consecutive years, ensuring a successful transition for incoming students.
