

## **MOHAMED SHARAF**

Site Manager / Construction Manager – Civil & Infrastructure Projects

Phone: +966539129389

Email: eng.mohamad.sharaf@gmail.com

Location: Riyadh, Saudi Arabia

### **PROFESSIONAL SUMMARY**

Senior Site Manager and Civil Engineer with more than 10 years of experience in construction management and site supervision across large-scale infrastructure, ports, roads, earthworks, and aquaculture projects. Proven ability to manage mega projects exceeding 35 million m<sup>3</sup> of excavation, supervise large fleets of heavy equipment, improve project schedules by up to 8%, and achieve cost savings through effective planning and resource management. Strong background in site execution, QA/QC, safety regulations implementation, and stakeholder coordination.

### **CORE COMPETENCIES**

Site Management, Construction Management, Project Execution, Earthworks & Excavation, Roads & Infrastructure Projects, Heavy Equipment Management, Budget & Cost Control, QA/QC, Safety Regulations Implementation, Resource Optimization, Subcontractor Management, Stakeholder Coordination

### **TECHNICAL KNOWLEDGE**

AutoCAD, Civil 3D, Primavera P6, SAP2000, ETABS, MS Office, Advanced Excel, Power BI, Quantity Take-Off, BOQs, Technical Reports

### **PROFESSIONAL EXPERIENCE**

#### 1. Negida for Constructions – Ismailia, Egypt

Site Manager – Ain Sokhna Port Development Project | Mar 2024 – Oct 2025

- Managed a mega-scale port development project with a total excavation volume of approximately 35,000,000 m<sup>3</sup>
- Achieved daily productivity rates of 60,000–70,000 m<sup>3</sup> through optimized site planning and resource allocation
- Supervised and coordinated 150–180 heavy equipment units across excavation and disposal areas
- Implemented QA/QC procedures and enforced site safety regulations
- Improved overall project schedule by 8% through workflow optimization and effective site leadership

#### 2. Negida for Constructions – Ismailia, Egypt

Site Manager – Agrina Station Project | Apr 2023 – Feb 2024

- Managed construction works for steel structures exceeding 3,200 m<sup>2</sup>
- Supervised administrative buildings, hotel facilities, utilities, and internal road works
- Controlled project budget and optimized manpower and equipment utilization
- Ensured full compliance with quality standards and safety regulations

3. Negida for Constructions – Ismailia, Egypt

Site Engineer – Suez Canal Authority Aquaculture Project | Jan 2022 – Mar 2023

- Executed large-scale earthworks and soil improvement activities
- Constructed stone drainage channels and U-shaped concrete canals
- Managed internal road networks and site development works
- Supervised 100–120 heavy equipment units and site teams
- Completed works 5% ahead of schedule and achieved 3% cost savings

4. Negida for Constructions – Ismailia, Egypt

Site Engineer – Cairo–Ismailia Desert Road Project | Aug 2020 – Dec 2021

- Supervised earthworks and subgrade preparation for an 8 km road project
- Coordinated construction of drainage systems and service roads
- Prepared daily and weekly progress reports
- Achieved project milestones with zero safety incidents

5. Negida for Constructions – Ismailia, Egypt

Technical Office Engineer – Al-Fayrouz Aquaculture Project | Jul 2018 – Jul 2020

- Prepared and reviewed shop drawings, BOQs, and technical submittals
- Assisted in project planning, scheduling, and cost estimation
- Coordinated between design teams and site execution teams
- Performed quantity take-offs and supported site operations

6. Elmasrya Office for Architecture & Decoration

Site Engineer | Aug 2015 – Jun 2018

- Supervised construction of high-rise residential towers using CFA piles (up to 40 m depth)
- Managed mid-rise buildings with raft foundations and footings
- Implemented quality control and site safety procedures
- Coordinated with clients and maintained project documentation

## EDUCATION

Bachelor of Civil Engineering – Mansoura University – 2015

## **COURSES & TRAINING**

AutoCAD, Primavera P6, SAP2000, ETABS, Civil 3D, Power BI Data Analysis, Advanced Microsoft Excel

## **LANGUAGES**

Arabic: Native

English: Professional Working Proficiency
