PROFESSIONAL SUMMARY

Geologist and Plant Quality Manager with over **8 years of experience** in **geotechnical investigations, ready-mix concrete production, quality control, and plant operations**. Proven expertise in **material testing, laboratory supervision, grouting works, geo-logging, groundwater assessment, and quarry operations**. Strong background in **quality compliance, operational supervision, and technical reporting** across construction and cement production projects in Saudi Arabia and Sudan.

CORE SKILLS & KEYWORDS (ATS-Optimized)

- Geotechnical Investigations
- Geological Field Surveys
- Ready-Mix Concrete Production
- Quality Control & Quality Assurance (QA/QC)
- Construction Material Testing
- Laboratory Management & Supervision
- Grouting & Cavity Plugging
- Geo-Logging (Shafts, Diaphragm Walls)
- DCPT & Probing Machine Operations
- Groundwater & Hydrogeological Assessment
- Quarry & Mining Operations
- Plant Operations Management
- Technical Reporting & Documentation
- Compliance with Industry Standards
- Operational Supervision
- Health & Safety (NEBOSH / OSHA)

PROFESSIONAL EXPERIENCE

Delba Industrial Factory Company – Riyadh, Saudi Arabia

Plant & Quality Manager | Aug 2023 – Present

- Manage daily **ready-mix concrete plant operations** and production activities.
- Oversee **quality control processes**, ensuring compliance with material specifications and production standards.
- Supervise **laboratory testing**, sampling, and inspection of raw materials and finished products.
- Ensure continuous improvement in **quality assurance, operational efficiency, and compliance**.

Al Motwar for Ready Mix Concrete & Block Factory – Saudi Arabia

Engineer / Factory Manager | Jul 2020 – Aug 2023

- Supervised **concrete production processes** and material quality control.
- Managed factory operations at the **Qassim branch**, including manpower and daily production schedules.
- Conducted **laboratory inspections**, material testing, and quality reporting.
- Ensured adherence to **production standards and safety regulations**.

Abdul Mohsin Al Jasir for Ready Mix Concrete & Cement Products – Saudi Arabia

Engineer | Apr 2019 – Jun 2020

- Supported **ready-mix concrete and cement product operations**.
- Monitored material quality and assisted in production inspections.
- Prepared technical and quality documentation.

Nahdat Almodon for Ready Mix Concrete & Cement Products – Saudi Arabia

Engineer | Mar 2017 – Mar 2019

- Conducted **quality control inspections** for concrete and cement products.
- Assisted in laboratory testing and daily production supervision.
- Supported compliance with engineering and safety standards.

Alsalam Cement Production Company Limited – Sudan

Mining Engineer | Jul 2015 – Jul 2016

- Conducted **raw material extraction and quarry operations**.
- Ensured daily material quality met **cement production requirements**.
- Coordinated with production teams to maintain consistent supply and quality.

EDUCATION

B.Sc. in Geology (Hydrogeology)

Dongola University, Sudan | 2015

General English Course (Intermediate)

Cambridge College, Sudan

TRAINING & CERTIFICATIONS

- Project Management – AIPS Training Center
- NEBOSH – AIPS Training Center
- OSHA – AIPS Training Center
- Geological & Laboratory Field Training – Khartoum, Sudan

LANGUAGES

- Arabic: Fluent
- English: Good
