

ABDUL RAUF

GENERAL FOREMAN - CIVIL & INFRASTRUCTURE PROJECTS

a.raufasma@gmail.com | +966 531397869 | LinkedIn | Riyadh, Saudi Arabia

SUMMARY

A seasoned General Foreman with 9 years of robust experience in large-scale civil and infrastructure projects. Successfully coordinated complex construction of highways, tunnels, bridges, and substations, consistently delivering projects on time and within budget. Expert in optimizing resources, enforcing stringent quality control, and ensuring comprehensive HSE compliance on all sites. Skilled in leading diverse teams, interpreting technical drawings, and implementing effective project management strategies.

CORE SKILLS

Professional Skills:

- Site Supervision Construction Management,
- Drawing Interpretation & Review,
- Quality Control & Compliance,
- HSE Standards & Safety Protocols,
- Hazard Identification & Mitigation,
- Daily Site Reporting & Documentation,
- Workforce Coordination & Supervision,
- Material Planning & Inventory Control,
- Site Logistics & Resource Allocation,
- Worksite Inspection & Progress Monitoring

Soft Skills:

- Problem Solving & Troubleshooting,
- Effective Decision Making,
- Schedule & Time Management,
- Communication & Coordination,
- Leadership & Team Motivation,
- Work Planning & Task Prioritization

Technical Skills:

- Excavation Works,
- Pipe & Cable Laying,
- Manhole Construction,
- Demolition Works,
- Waterproofing & Protective Coatings,
- Rebar Installation & Formwork Support,
- Concrete Pouring & Finishing,
- Road & Infrastructure Construction,
- Drainage System Installation,
- Dewatering & Ground preparation

WORK HISTORY

UBT JV QATAR (UCC - BAHADIR - TEDESCHIA JV)

Hamad International Airport Expansion Project

General Foreman | Doha, Qatar | May 2020 – Nov 2024

- Reinforced Concrete Slab Construction
- Carried out reinforced concrete slab works including formwork, rebar placement, concrete pouring, finishing, and curing as per engineering and project specifications.
- Constructed retaining and structural walls through excavation, reinforcement fixing, shuttering, casting, and curing while ensuring structural stability and compliance with approved drawings.
- Installed manholes for utility and drainage networks including excavation, base preparation, chamber construction, and pipeline connection to ensure accessibility for maintenance and inspection.
- Supervised excavation, pipe laying, cable laying, manhole installation, and utility diversion activities while coordinating resources and maintaining alignment with project requirements.
- Managed demolition activities including removal of tunnel structures, concrete slabs, and walls while enforcing strict safety procedures and environmental compliance

BIN OMRAN TRADING & CONTRACTING (BOTC)

New Orbital Highway Contract 2

Site Supervisor | Doha, Qatar | Feb 2018 – May 2020

- Supervised safe excavation works near live 400kV cables, following method statements, risk assessments, and strict safety protocols.
- Managed TSE pipeline installation, stormwater drainage activities, pipe laying, gully works, and basin excavation per project specifications.
- Executed manhole construction, including waterproofing, formwork, reinforcement, and finishing, ensuring long-term structural performance, durability, and compliance with standards.
- Led backfilling, sub-grade preparation, and sub-base layer works, while coordinating cable laying operations to meet quality and safety standards.

QATARI DIAR VINCI CONSTRUCTION (QDVC)

New Orbital Highway Contract 2

Foreman | Doha, Qatar | June 2015 – Jan 2018

- Led teams of Charge Hand, operators, and laborers, assigning tasks while ensuring high productivity and consistent work quality.
- Coordinated closely with engineers and HSE teams to ensure safe execution and timely completion of all project activities.
- Managed materials, tools, and equipment efficiently to support seamless work sequencing, minimize downtime, and optimize resource utilization on site.
- Supervised large-scale excavations, underpass works, and structural activities, strictly adhering to safety standards

EDUCATION

Diploma in Civil Engineering

CERTIFICATIONS

- **Supervisors Training Level 1 & 2 — IOSH**
 - **Lifting Supervisor Training — ABS Qatar**
 - **Confined Space Supervisor**
 - **Fire Warden / Marshal Training**
 - **Basic First Aid & CPR with AED**
-
