## Electrical Engineer

Nationality: Saudi | Riyadh, Saudi Arabia | +966 545999808 | eng.talal.fahad@hotmail.com

---

### Professional Summary:

Electrical Engineer , I look forward to joining a dynamic engineering team to apply my theoretical knowledge in power and control systems, and contribute to the development of innovative projects that enhance company efficiency.

---

### Professional Experience:

#### Medium voltage technician | Ansban group

| FEB2024 – present| Riyadh, SA

Assigning tasks to technicians: - Troubleshooting low and medium voltage faults - Connecting emergency generator cables and laying temporary cables - Preparing weekly work reports - Inspecting electrical systems, equipment, and components to identify hazards and defects - Replacing 400-amp circuit breakers in transformers

Replacing fuse bases in residential buildings - Electrical wiring and protection maintenance.

#### Electricity technician | Arabian Services Company Limited | jun 2022 – Feb2023| Riyadh, SA

-works as an electrician in the maintenance department at Al-Iman General Hospital.

-Follow up electrical maintenance work. Operate electrical switches and transfers on jurisdictional UPS in case of electrical emergency.

-He also works on elevators, follows up on their maintenance, and takes readings on a daily basis.

-I worked as a supervisor in the Electricity and Technical Guidance Department and prepared reports .

#### Electrical Works Supervisor | Desert Flower Trading | jun 2021 – may 2022| Riyadh, SA

Electrical works supervisor in the Maintenance and Operations

Department at National Guard camps, following up on maintenance work on electricity, fire alarms, photography, automatic doors, pumps, dispensing spare parts, and preparing reports.

A good work order program has also been developed.

---

### Education:

Bachelor's Degree | Electrical Power & Machines Engineering – 2026

Technical and Vocational Training Corporation

Diploma | Electrical Power – 2021

Technical and Vocational Training Corporation

---

**Certifications & Training:**

-Occupational Safety and Health Specialist

OSHACADEMY

- Introduction to Safety Management
- Hazard Communication Program
- Personal Protective Equipment (PPE)
- Energy Control Program
- Introduction to Ergonomics
- Fall Protection Program
- Electrical Safety for Technicians & Supervisors
- Emergency Action Plans

-T.O.T MIDDLE EAST UNIVERSITY

- Electric power system protection principle Alfanar

-C++ Ministry of Communications and Information Technology

-Fire fighting and extinguishing

Genius making for Training

-Band aid
