## WORK EXPERIENCE

### BOUDL HOTEL RESORTS COMPANY

#### Finishing Supervisor 2016 - 2025

- **Project Management & Execution:** Managed construction projects from planning to completion, coordinating with architects and engineers to resolve site issues and ensure execution aligns with approved plans.
- **Leadership:** Supervised workers and subcontractors, assigning daily tasks and monitoring progress to maintain discipline and high-quality performance.
- **Planning & Scheduling:** Prepared and executed daily/weekly work schedules, coordinating manpower and equipment to track progress and prevent work disruptions.
- **Quality Control:** Conducted regular inspections to interpret drawings, identify technical issues, and implement corrective actions to prevent rework.
- **Safety Compliance:** Enforced health and safety regulations, conducted daily briefings, and ensured the use of PPE to identify and eliminate potential hazards.
- **Reporting:** Submitted daily and weekly reports to Project Engineers regarding progress, delays, and material usage logs.
- **Handover:** Assisted in preparing punch lists for finishing works and supported project handover by ensuring all works met client and consultant approval.

## SMRT ORGANIZATION FOR TRADING & CONTRACTING

### Network Engineer - 2013 - 2016

- **Department Management:** Managed daily operations of the Network Projects Department, supervising technical staff and delegating workflows.
- **Project Lifecycle:** Oversaw projects from the quotation and design phase through to delivery and implementation.
- **Technical Installation:** Managed optical fiber installation (splicing, testing, jointing, labeling) and the installation of new hardware, software, and printers.
- **System Support:** Provided day-to-day support for IT systems, configuring LANs/WANs, optimizing operating systems, and resolving user issues.
- **Vendor Management:** Negotiated IT service contracts with partners and suppliers.

### KEY PROJECTS

- **Braira Hafralbatin Hotel (5 Stars):** Managed the lifecycle from design to delivery, implementing hotel classification standards and ensuring project handover met all approvals.
- **Narcissus Al Hamra Hotel (5 Stars):** Oversaw finishing works, prepared punch lists, and ensured rectification works were completed to standard.
