

ENGR. ANWER AHMAD,

Senior MEP Construction Manager | Project Manager – EPC & Infrastructure

Riyadh, Saudi Arabia

Mobile: +966557793186

Email: anwer-ahmad@hotmail.com

Saudi Council of Engineers Reg. No: 687817

ARAMCO Approved Project Manager – ID 8020512

PROFESSIONAL SUMMARY

Senior **MEP Construction Manager / Project Manager** with **25+ years of experience** delivering large-scale **EPC, Oil & Gas, and Infrastructure projects** across Saudi Arabia for **Saudi Aramco, Red Sea Global, Qiddiya, and Diriyah Gate** programs. Proven record managing full project lifecycle covering **MEP systems, pipelines, pumping stations, HVAC plants, utilities, and industrial facilities**. Expert in **cost control, schedule management, risk mitigation, QA/QC, HSE compliance, procurement, contract administration, and multidisciplinary coordination**. PMP® and RMP® certified with strong authority-approval and stakeholder management experience.

CORE SKILLS & ATS KEYWORDS

MEP Construction Management • EPC Project Delivery • Oil & Gas Projects • Infrastructure & Utilities • ARAMCO Standards • HVAC / Electrical / Plumbing / ELV • Pumping Stations & Water Transmission • SCADA & BMS • Cost Control & Budgeting • Primavera P6 & MS Project • Risk Management • FIDIC Contracts • Procurement & Subcontractor Management • QA/QC & ISO Compliance • HSE Management • Testing & Commissioning • Authority Approvals • Value Engineering • Stakeholder Coordination

PROFESSIONAL EXPERIENCE

Saudi Salco Contracting Company – Saudi Arabia

Senior MEP Construction Manager / Project Manager | 2007 – Present

- Lead end-to-end delivery of **MEP and EPC infrastructure works** across multiple concurrent mega projects in KSA.

- Manage multidisciplinary teams of **engineers, supervisors, and subcontractors** across mechanical, electrical, plumbing, fire protection, and ELV systems.
- Control project execution covering **planning, scheduling, procurement, installation, testing, commissioning, and handover.**
- Ensure compliance with **ARAMCO standards, SBC, SEC, NFPA, ASHRAE, and ISO QA/QC & HSE requirements.**
- Direct subcontractor performance, technical submittals, shop drawings, RFIs, and method statements approvals.
- Drive cost and change control through **variation management, value engineering, and technical optimization.**
- Coordinate with PMCs, consultants, and clients including **ARAMCO, Parsons, Dar, Jacobs, Jasara, and Louis Berger.**

Selected Project Achievements

- Delivered multiple **MEP infrastructure packages** across water, hospitality, and utility projects from construction through commissioning and authority approval.
- Managed full MEP scope for **pumping stations, chiller plants, pipelines, and utility networks** across mega developments.
- Led site execution and commissioning phases ensuring **on-time authority inspections and operational handover.**
- Improved installation coordination and clash resolution through **BIM/Navisworks reviews and multidisciplinary workshops.**
- Reduced rework and installation conflicts by enforcing structured **QA/QC inspection and test plans (ITPs).**

MAJOR PROJECTS

Diriyah Gate Infrastructure Project – Riyadh

Senior MEP Construction Manager | 2025 – Present - Manage complete MEP infrastructure scope for major cultural and heritage development. - Oversee utilities, networks, and building MEP systems from installation through testing and handover.

Qiddiya Public Golf Project – Irrigation Pumping Stations

MEP Construction Manager | 2024 – 2025 - Delivered MEP works for irrigation pumping stations and related utility systems. - Coordinated with consultants and vendors for equipment installation and commissioning.

Qiddiya Water Transmission Pipeline (Design & Build)

MEP Construction Manager | 2023 – 2024 - Managed MEP and electromechanical scope for water transmission pipeline project. - Supervised testing, commissioning, and system performance verification.

Southern Dunes Hotel Infrastructure – Red Sea Global

Senior Electromechanical Manager | 2022 – 2023 - Led full MEP infrastructure delivery for hospitality development. - Ensured compliance with client sustainability and quality standards.

Al Asalah Storm Water Network – Jeddah

Senior MEP Construction Manager | 2020 – 2022 - Directed construction and commissioning of storm water infrastructure network.

Additional Delivered Projects

- Al Arabian Lagoon Infrastructure – Ministry of Culture
- Darb Al Hara Infrastructure Project
- Yanbu University Chiller Plant – Royal Commission Yanbu
- Air Separation Plant (Liquid Nitrogen) – Saudi ARAMCO
- Shuaibah IWPP-2 Water & Power Project

EARLY CAREER

Operations Manager – Arfas Trading & Contracting | 2003 – 2007
King Fahd Airbase O&M Projects – Taif

Maintenance Manager – Safari Contracting | 1997 – 2002
King Abdulaziz International Airport O&M – Jeddah

EDUCATION

M.S. Mechatronics Engineering – 2012
Headway University

B.Tech Mechanical Engineering – 1995
VS Prasanna Bharati University

CERTIFICATIONS

- PMP® – Project Management Professional
 - RMP® – Risk Management Professional
 - ARAMCO Approved Project Manager
 - ISO 9001 Quality Management Training
 - HSE & Behavior Safety Training
 - PMI – AI in Infrastructure & Construction Projects
 - PMI – Generative AI for Project Managers
-

SOFTWARE & TOOLS

Primavera P6 • MS Project • AutoCAD • Revit MEP • Navisworks • BIM Coordination • Microsoft Office Suite • SharePoint

ADDITIONAL INFORMATION

- Clients: Saudi Aramco, Red Sea Global, Qiddiya, Diriyah Gate, Parsons, Dar, Jacobs, Jasara, Louis Berger
- Domains: Oil & Gas, Infrastructure, Utilities, Hospitality, Industrial Plants
- Languages: English (Professional), Arabic (Working)
