Current Position: Senior Surveyor / Resident in Riyadh, Saudi Arabia.

Professional Profile

I am a highly organized and responsible Senior surveyor with excellent planning skills and 14 years experience of working on large-scale infrastructural projects, civil engineering works and refurbishments on residential, commercial and industrial sites. I am comfortable networking with colleagues and clients, consistently ensuring projects run on time and on budget. I am also acutely aware of all aspects of construction, including health and safety legislation, building regulations and various environmental issues. I am now ready to take the next step in my professional career and progress further in this field, bringing with me my surveying skills and experience to benefit your company.
