KEY SKILLS

- MS Excel
- Primavera P6.
- Maintain Daily report
- Delay Analysis
- Client Meeting
- Supervision
- Manpower handling
- Team contribution

TECHNICAL SKILLS

- Microsoft Word
- Microsoft Excel
- Microsoft Project
- Microsoft Power point
- AutoCAD
(Basic Housing Design)
- Documentation & Presentation

SOFT SKILLS

- Decision Making
- Coordinating
- Problem Solving
- Proper Communication
- Documentation

CORE EXPERTISE

- Project Planning, Scheduling
(Primavera, MS Project)
- Project Coordination.
- Reduce manpower & Planning.
- Team Collaboration & Communication

PROFILE SUMMARY

Professional Civil Engineer with a BSc (Hons) in Construction Engineering and over 6 years of hands-on experience in the construction industry. Experienced in supervising structural, masonry, and finishing works across building projects in Sri Lanka and Qatar. **Project coordination, site supervision, and technical documents, with strong communication and leadership capabilities.** Demonstrates a solid understanding of construction methodologies, quality control, and safety practices. I am highly skilled in project planning, scheduling and leveraging tools such as Primavera P6, MS Project and MS Excel. ICBT Campus, Mount Lavinia, Sri Lanka.
Specialization- Civil Engineering
September 2013 – September 2015
- **School Education C/Hindu College, Colombo-04 (2000 – 2013)**

WORK EXPERIENCES

Idieal Engineering Pvt Ltd, Dehiwala, Sri Lanka.

July 2020 – Nov 2025

Assistant Civil Engineer.

- Assisted in planning, design, and execution of civil engineering projects.
- Supervised site activities to ensure work complied with drawings, specifications, and safety standards.
- Prepared quantity take-offs, measurements, and basic cost estimates.
- Coordinated with contractors, subcontractors, and suppliers for smooth project execution.
- Successfully coordinated with senior project engineers, consultants, and site supervisors for to maintain workflow and ensure project execution.
- Maintained site records, progress reports, and daily work logs.
- Maintain the weekly report of construction work progression and delay of works all summarize discuss with our senior project engineers.

PROFESSIONAL SKILLS

- Time Punctual
- Project Planning & Execution
- Negotiation & Conflict Resolution
- Client & Vendor Resolution
- Resource management & Optimization
- Analytical thinking

RESEARCH TOPICS

- **HNDCIVIL**
Health and Safety Procedure for Building Construction Projects in Colombo, Sri Lanka.

- **BSC (hons) in Construction Engineering**

Investigation about the factor affection of Cost in Building Construction in Colombo, Sri Lanka.

ADDITIONAL CERTIFICATES

- Certificate in English Course at British Council.
- Certificate of Veta Foundation English Course at Veta Institute.
- Diploma in Graphic designing.
- Diploma in Hardware & Networking.

PERSONAL DETAILS

- Full Name: Kemakerthi Sithiravel
- Gender: Male
- Nationality: Sri Lankan
- Civil Status: Married
- Valid Driving License (Srilanka)
- Date of Birth: 06/08/1994

MEMBERSHIPS

- Registered Saudi Arabia Council of Engineers. (SCE)

- Supported project scheduling, cost control and progress monitoring.
- Before starting the concreting slabs, ensure that the cover blocks are properly placed under the reinforcement.
- Monitored beginning of concrete slab and column work, make sure that the reinforcement for both the slab and columns are clean and free from dust and corrosion.
- Organize and oversee concrete testing including slump test, cube test, soil compaction.
- Inspection and verified that the top, second and third layers of reinforcement were placed correctly for the foundation beams and tie beams following approved drawings and standard construction practices.
- Verified formwork, column concrete alignment due to concreting and checked slab concreting height levels.
- The daily site expenses, material purchases and site workers daily wages updates have been accurately record-ed and the expense book is up to date. finally, updated on MS excel.
- Analyze and understand construction drawings and specification.
- Assist with site layout using levels, measuring tapes and surveying tools.

Idieal Engineering Pvt Ltd. Dehiwala, Sri Lanka.
