Professional Summary

Civil Engineer with over 13 years of specialized experience in infrastructure and utilities projects across Saudi Arabia. Proven track record in managing large-scale water supply networks, sewage and stormwater systems, and structural works. Expertise includes project management, site supervision, and coordination with major contractors such as Nesma, Al Saif, and Yüksel.

Work Experience

Sr. Project Engineer – Infrastructure & Earthworks Sadim Almajd Company | Riyadh | Oct 2024 – Dec 2025

- **Scope:** Managed excavation, cut & fill, and backfilling for major infrastructure and utility projects as a subcontractor.
- **Key Projects (2024–2025):**
 - **King Salman Park:** Infrastructure excavation and backfilling.
 - **King Abdullah International Gardens:** Earthworks management.
 - **Qiddiya Projects:** Crusher works and Speed Park infrastructure earthworks.
 - **Al-Diriyah:** Rock excavation and disposal.
 - **Thumamah Road Tunnel & Al-Munsiyah Stormwater:** Drainage and tunnel earthworks.

Site Manager – Infrastructure Works Sawaed Company | Al Qiddiya | May 2023 – Oct 2024

- Managed the full infrastructure scope for the **Qiddiya Water Theme Park**, including sewage, storm drainage, firefighting, irrigation, and potable networks.
- Directed civil works: manholes, piping, encasement, and backfilling.
- Enforced HSE and QA/QC compliance while coordinating subcontractors.

Project Engineer – Civil & Infrastructure Alcode Works Company | Riyadh | Nov 2020 – Mar 2023

- Managed a government complex project (SAR 4.6M) featuring three buildings and a 1.3 km perimeter wall.
- Oversaw facade replacement at Digital City (SAR 1.5M).
- Delivered water supply, sewage, and landscaping works according to consultant standards.

Civil Site Engineer – Infrastructure Projects Fedak International Contracting Company | Riyadh | Dec 2012 – Oct 2020

- **Flood Prevention (Huraymila):** Concrete lining and box culverts (SAR 64M).
- **Water & Sewer Networks:** Executed ductile, HDPE, and clay pipe projects in Yanbu and Al-Ula ranging from SAR 24M to SAR 50M.
- **Water Storage:** Managed GLS water tank networks (500–5000 m³).

Education & Certifications

- **Bachelor in Civil Engineering:** Tafila Technical University, Jordan (2012)
- **IOSH Certification:** Issued Jul 2017
- **PMP®, Project Management Professional Feb 2026**

Core Skills

- **Technical:** Infrastructure & Utilities Project Management, Site Supervision (Water/Sewer/Roads), Quantity Surveying.
- **Tools & Compliance:** AutoCAD 2D, QA/QC Procedures, and HSE Compliance.
- **Leadership:** Team leadership and stakeholder coordination.
