### PROFESSIONAL SUMMARY

Civil Engineer with solid experience in site execution, supervision, and quantity take-off for residential, administrative, and industrial projects. Proficient in AutoCAD and site coordination, with a strong ability to manage construction activities, monitor progress, and ensure quality and safety in accordance with approved drawings and specifications.

---

### EXPERIENCE

10/2021 – 10/2025

Site Engineer | High Tower Group - Cairo, Egypt

#### Key Projects:

- Administrative Buildings – Engineering Authority of the Armed Forces  
Supervised excavation, foundations, formwork, reinforcement works, and concrete pouring in compliance with drawings, specifications, and HSE standards.
- Industrial Factory – 10th of Ramadan City  
Oversaw excavation and foundation works, reviewed formwork and rebar installation, and supervised concrete casting for structural elements.
- Concrete Box Culverts – Cairo–Suez Road  
Supervised reinforced concrete works including excavation, formwork, reinforcement, and concrete pouring with strict quality control.
- Residential Project (10 Villas) – Acting Project Manager  
Managed execution of excavation, foundations, structural works, and finishing activities while coordinating subcontractors and site teams
- Perimeter Wall – Military Production Factory  
Supervised excavation, footing works, rebar fixing, formwork, and concrete pouring in accordance with project specifications.

**Achievements  
and Responsibilities:**

- Supervised structural and finishing works, ensuring compliance with drawings, specifications, and HSE standards.
  - Managed day-to-day site activities, resolving technical issues to prevent delays and maintain productivity.
  - Prepared quantity take-offs and assisted in project budgeting and cost control to minimize overruns.
  - Coordinated subcontractors, suppliers, and site teams to ensure smooth workflow and timely execution.
  - Monitored construction progress from excavation to handover for residential, administrative, and industrial projects.
  - Contributed to planning and execution strategies to optimize resources and improve site efficiency.
- 

**TRAINING & INTERNSHIPS**

- The Arab Contractors, 2018
  - ERA Developments, 2019
- 

**SKILLS**

**Technical Skills:**

- AutoCAD, SAP
- Quantity Surveying (Manual & Software)
- Quantity Take-offs & Estimation

**Project & Contract  
Management:**

- Budgeting & Cost Control
- Contract Administration
- Project Planning & Coordination
