

S. MOHAMMED YUSUF

**CIVIL INSPECTOR (STRUCTURAL & ARCHITECTURAL) |
SENIOR CIVIL ENGINEER**

Highly experienced Civil Inspector and Senior Civil Engineer with 12+ years of Gulf experience across Dubai, specializing in structural RCC, architectural finishing, infrastructure, and high-rise/villa projects valued up to AED 2.5 Billion+. Strong expertise in QA/QC inspections, ITP implementation, WIR/IR/MIR documentation, NCR issuance & closure, snagging & DLP management, and authority approvals. Proven delivery on mega-projects including EXPO 2020 and EMAAR developments, ensuring compliance with approved drawings, specifications, HSE requirements, and International Building Codes (IBC/ACI) with an active transition to Saudi Building Code (SBC) standards.

WORK EXPERIENCE

Civil Inspector (Structural & Architectural)

Mirage / Alshandaga Architectural & Engineering Consultancy – Dubai, UAE

Oct 2021 – Dec 2025

- Executed comprehensive structural and architectural inspections for villa and high-rise residential projects, ensuring compliance with approved drawings, specifications, contract requirements, and building codes.
- Inspected RCC works, waterproofing systems, façade installations, GRC, precast elements, steel structures, tiles, gypsum, painting, landscaping, and external works.
- Prepared, reviewed, and closed WIR, IR, MIR, checklists, and QA/QC reports in line with approved ITPs.
- Issued and monitored NCRs and site observations, ensuring timely corrective actions and proper documentation closure.
- Coordinated with MEP contractors for sleeves, openings, and penetrations to avoid clashes and rework.
- Conducted snagging inspections, punch listing, and DLP follow-up, supporting final inspections and handover readiness.
- Liaised with consultants, clients, and Dubai Municipality engineers during authority inspections.
- Ensured strict adherence to HSE regulations, safe work practices, and quality workmanship.

Senior Civil Engineer – Projects

Al-Futtaim Construction LLC – Dubai, UAE

Aug 2013 – Sep 2021

- Supported execution of large-scale mega projects including EXPO 2020, handling structural RCC, substructure, and superstructure works.
- Managed planning, scheduling, manpower allocation, and productivity monitoring to achieve project milestones.
- Reviewed and approved shop drawings, method statements, and material submittals, ensuring compliance with specifications and standards.
- Coordinated rebar fabrication and installation as per approved BBS, ensuring timely delivery and quality installation.
- Managed QA/QC inspections, NCR issuance and closure, and consultant/client coordination.
- Led snagging, DLP closure, project close-out, and final handover documentation.
- Coordinated with MEP contractors, consultants, and authorities for inspections and approvals.
- Maintained detailed site reports, progress tracking, and document control.
