#### **SAHHOME TEXTILE PVT LTD**

*Quality Incharge*

2021 to 2022

Karachi, Pakistan

*Collect and review daily reports from line inspectors detailing stitching quality, defects, and overall production performance. Ensure that all reports accurately reflect the day's production activities and quality outcomes. Compile a consolidated daily quality report highlighting key metrics such as defect rates, rework percentages, and quality trends. Ensure that all quality-related documentation, such as inspection checklists, defect logs, and rework reports, is accurate and complete. Conduct random inspections to verify that in-line inspectors are following proper procedures and accurately reporting defects.*

#### **MTJ BAUTIQUE PVT LTD**

*Quality Executive*

2020 to 2021

Karachi, Pakistan

*Oversee the quality of stitching operations for men's apparel, ensuring all garments meet the specified standards. Conduct regular inspections of the stitching lines, including in-line and final product checks. Develop and implement quality control processes and guidelines specific to men's line stitching. Ensure compliance with internal and customer quality requirements. Prepare and review daily quality reports for the men's line stitching department, focusing on defect rates, rework rates, and overall quality performance.*

#### **JUNAID JAMSHEED BAUTIQUE PVT LTD**

*Quality Q.C / Q.A*

2015 to 2019

Karachi, Pakistan

*Inspect raw materials, in-process products, and finished goods to ensure they meet specified quality standards and specifications. Perform visual and physical checks to identify any defects, irregularities, or deviations from the required standards. Conduct functional, durability, and performance tests on products to verify their quality and compliance with customer and regulatory requirements. Record and report defects or non-conformities to the production supervisor or quality manager. Maintain detailed records of inspection and test results, non-conformance reports, and corrective actions taken. Strong attention to detail and problem-solving skills. Good communication and teamwork abilities.*

#### **NOVA TAX CHEMICAL PLANT**

*PLANT OPERATOR*

2011 to 2012

Karachi, Pakistan

*Operate and monitor plant machinery and equipment, ensuring they function properly and efficiently. Adjust controls and settings as needed to optimize plant operations. Perform routine maintenance and minor repairs on machinery to ensure optimal performance. Report major malfunctions or breakdowns to maintenance staff for further action. Conduct regular inspections of plant equipment to detect any irregularities or issues.*
