PROFESSIONAL EXPERIENCE

Company Name : **PRECON Construction Hyderabad, India**
Company Industry : **Construction**
Job role : **Planning Engineer.**
Tenure : **Nov 2023 to Dec 2025**

Responsibilities:

- Developed and updated project schedules in Primavera P6, aligning all phases with contract milestones, scope, and available resources.
- Performed critical path, float, and delay analysis to identify schedule risks and applied corrective actions to stay on track.
- Coordinated with engineering, procurement, and construction teams to ensure timely deliverables.
- Coordinated with site teams, managers, procurement, and subcontractors to resolve planning issues and support smooth execution.
- Created weekly and monthly progress reports, 2-week look-ahead schedules, and KPIs using P6 and Excel for client and internal use.
- Prepared baseline and recovery schedules by gathering inputs from construction, procurement, and design teams for realistic planning.
- Monitored subcontractor schedules and managed resource utilization.
- Generated and updated manpower histograms, resource plans, and S-curves to track labor and equipment usage.

Company Name : **Sherrieff Consultants Gulbarga, India**
Company Industry : **Construction**
Job role : **Junior Planning Engineer**
Tenure : **Jan 2021 to Oct 2023**

Responsibilities:

- Assisted in the preparation of project baseline schedules using Primavera P6 / MS Project.
- Developed Work Breakdown Structures (WBS) in line with project scope and contract requirements.
- Prepared weekly, monthly, and look-ahead schedules based on site execution plans.
- Collected daily and weekly progress data from site teams and updated schedules accordingly.
- Monitored planned vs actual progress and highlighted delays and critical activities.
- Prepared progress reports, dashboards, and presentations for project management.
- Generated S-curves, manpower histograms, and progress charts using Excel.
- Assisted in resource loading (manpower, equipment, and materials) and productivity tracking.
- Supported senior planners in delay analysis, recovery schedules, and mitigation plans.
- Maintained records for Extension of Time (EOT), variations, and change events.
- Ensured planning documentation, reports, and records were properly maintained and updated.
