## ▼ CERTIFICATIONS

### [\(PMP®\) Project Management Professional | Project Management Institute \(PMI.ORG\) | 2022.](#)

- Certified in a standardized and evolving set of project management principles.

### [\(McKinsey® Forward Program\) McKinsey Forward program | McKinsey & Company | 2024](#)

- This program develops participant's practical skills for success in the future of work. Participants learn how to apply the McKinsey approach to problem-solving, become more effective and influential communicators and develop adaptable and resilience mindsets and habits. They also learn how to plan for and develop a foundational digital toolkit.

### [\(PMO-CP®\) PMO Certified Practitioner | Project Management Institute \(PMI.ORG\) | 2025.](#)

- The PMO-CP certification proves you have what it takes to establish or re-configure a project management office while balancing function and need. It is the world's leading credential for those who wish to set up innovative and advanced practices, and assess, manage and improve value-oriented PMOs.

### [\(Primavera P6®\) Primavera P6 Professional Project Management | Oracle | 2023.](#)

- Certified in The Primavera P6 Project Management, This Certificate is awarded to those who have demonstrated the skills and knowledge to manage projects from inception to execution in Primavera P6. This includes building the project plan via Work Breakdown Structure, activities, calendars, relationships, and baselines; assigning and leveling resources and managing their allocation; and executing the project. Individuals who earn this badge are also skilled in the application of Critical Path Method scheduling and other project management principles.

### [Scrum Fundamentals Certified \(SFC™\) | SCRUMstudy | 2023.](#)

- Scrum Fundamentals Certified course is tailored to help anyone interested to know more about Scrum; learn about key concepts in Scrum as defined in the SBOK® Guide; and to get a basic understanding of how Scrum framework works in delivering successful projects.

### [Six Sigma Yellow Belt \(SSYB™\) | SCRUMstudy | 2023.](#)

- Six Sigma Yellow Belts are the building blocks for a thriving process improvement culture. Their foundational knowledge of Six Sigma principles, especially the DMAIC methodology (Define, Measure, Analyze, Improve, Control), equips them to support Green Belts and Black Belts in crucial ways. Yellow Belts contribute by collecting data, mapping processes, offering insights during team discussions, and even identifying basic process problems within their area of expertise.

### [Oracle Cloud Infrastructure AI Certified Foundations Associate | Oracle | 2024.](#)

- Oracle Cloud Infrastructure 2023 AI Certified Foundations, This Certificate is awarded to those who have demonstrated the skills and knowledge in Oracle AI services, Oracle ML services, AI fundamental concepts, Machine Learning and Deep Learning concepts and terminologies, Oracle Generative AI.

### [Aconex Accredited Professional | Oracle | 2024.](#)

- Oracle Cloud Infrastructure 2023 AI Certified Foundations, This Certificate is awarded to those who have demonstrated the skills and knowledge in Oracle AI services, Oracle ML services, AI fundamental concepts, Machine Learning and Deep Learning concepts and terminologies, Oracle Generative AI.
