Email: eng.a.elkabbany@gmail.com

Personal Statement

Versatile Civil Engineer with over 12 years of solid experience across site execution, quality control, and procurement/contract administration in major infrastructure and construction projects. Adept at supervising on-site activities to ensure timely, safe, and high-quality delivery in accordance with project specifications and international standards. Proven expertise in implementing QA/QC systems, conducting inspections, resolving technical issues, and managing construction materials and resources effectively. Strong background in procurement and subcontract management, including tendering, evaluation, contract negotiation, and ensuring supplier compliance. Recognized for my ability to bridge the gap between site operations, quality assurance, and commercial requirements, delivering well-coordinated and compliant project outcomes. Seeking to leverage this multidisciplinary experience in a challenging role that values quality, efficiency, and engineering excellence.

Courses and Certifications

(2024) Project Management Professional (PMP) -PMI

(2024) Iso 9001-2015-Lead Auditor-CQI IRICA

(2024) Planning Diploma-Planning Force.

(2024) PRMG 10 Planning and Control Techniques, American University in Egypt.

(2023) CLAC 10 Sources& Regimes of Obligations, EMEND.

(2023) CLAC 20 Specific Contracts/Law of Evidence/Liabilities of Engineer and Contractor, EMEND.

(2023) CLAC 30 Fidic Contracts-Interpretive Case Oriented Approach, EMEND.

(2023) CLAC 40 Claims & Disputes in the Construction Industry, EMEND.

(2023) CLAC 50 Resolution of Disputes/Dispute Boards/Arbitration, EMEND.

(2015) Professional Site Engineer diploma, Hassan Qandel.

(2015) Technical office diploma, Ain shams university.

(2011) AutoCAD 2D, Hi-Q Academy.

Professional Experience

(March, 2023- Current)

Senior Material Procurement Engineer, Doosan Enerbility

Projects: Nuclear Power Plant EPC, El DABAA.

Responsibilities:

- Prepared and reviewed procurement and subcontract agreements (supply, install, rental, consultancy)
- Issued and evaluated RFQs and RFPs for local and international vendors
- Negotiated terms and conditions and recommended supplier selection
- Monitored procurement schedule and compliance with project plan
- Ensured timely delivery and payment progress with vendors and subcontractors
- Prepare and submit periodic reports as required by the contract manager.
- Handled procurement of materials and subcontractor services
- Issued purchase orders and tracked delivery and logistics
- Supported commercial team in claim preparations and cost justifications
- Monitored vendor performance and resolved procurement issues

(May, 2022- March, 2023)

Senior QC Engineer, Rowad for modern Engineering

Project: katamyia Greeks , High Speed Train Ain Sokhna Road

Responsibilities:

- Oversaw all quality control activities on site, ensuring compliance with project specifications, codes, and client requirements.
- Implemented QA/QC procedures and inspection plans in line with ISO 9001:2015 standards
- Conducted concrete mix design verification, slump testing, steel reinforcement inspections, and material quality validation.
- Supervised finishing works, waterproofing, and structural inspections, ensuring zero non-conformities before handover.
- Coordinated with consultants and third-party labs for material testing and inspections.
- Maintained daily quality reports, NCR logs, and documentation for audits.
- Coordinated between site teams and consultants to ensure alignment with project QA/QC requirements
- Reviewed subcontractor compliance with contract specifications and performed internal audits.
- Supported QA documentation for trenchless technology projects, ensuring correct application of engineering methods and materials.
- Verified that materials and work execution met approved drawings and specs, reducing rework incidents.

(Feb, 2021- May, 2022)

Senior QC Engineer, Samcrete.

Project: United Bank and Cairo Bank, New Capital

Responsibilities:

- Supported quality control by ensuring subcontractors met all technical specifications during site execution.
- Logged and followed up on quality-related claims, back charges, and technical clarifications.
- Collaborated with QA/QC teams to verify compliance in subcontractor deliverables.
- Participated in internal QC reviews, drawing attention to quality risks and mitigation needs.
- Ensured subcontractor deliverables were aligned with technical and quality specifications.
- Participated in site walkthroughs to validate progress against QC benchmarks.
- Drafted and reviewed technical clauses in contracts with a focus on quality and compliance.
- Reported deviations from quality standards and ensured rectification measures were contractually supported.

(March, 2020- Feb, 2021)

Subcontracts Engineer, INFRA-TECHNO FOR CONTRACTING & SUPPLIES.

Project: 6 Waste water pump stations, force mains and a micro tunnel Fakous, Sharqia.

Project: EL-SAWALEH waste water treatment plant, Fakous, Sharqia.

Responsibilities:

- Support the Construction team on site on daily duties and tasks.
- Maintain logs for claim notices, back charges, Etc.... as required by the Contracts Manager.
- Participate in Settlement meetings and negotiations.
- Ensure that project records and reports are timely prepared and submitted in the manner necessary to protect the Company's interests and to support any future claims.
- Draft all letters' responses concerning any contractual issues such as claims, disputes, back charges, completion certificates, insurance, and contract amendments.
- Report lessons learned from previous cases.
- Carry out any other tasks that are instructed by the Contracts Department.
- Ensure Subcontracts met Project requirements and in compliance with approved procedures.

(March, 2019- March, 2020)

Projects Coordinator, UTILCO FOR ENGINEERING & CONTRACTING.

Project: Micro tunneling Department Projects.

Responsibilities:

- Coordination with clients, third parties and other disciplines managers.
- Monitor schedules, budgets, manpower and other project plans.
- Monitor financial and contractual status of subcontractors, suppliers and sub-consultants.
- Participate with relevant departments in preparation of contractual correspondences.
- Attending meetings as required.
- Understanding and meeting contracts requirements.
- Negotiate Contracts terms and conditions with subcontractors
- Managing relationships with subcontractors, consultant and the project different stakeholders.

(February, 2016 - March, 2019)

Senior QC Engineer, City Stars for construction.

Project: City stars Sharm Elsheikh

Responsibilities:

- Supervising site works in accordance with project specifications, method statements.
- Control and supervise all site activities running on site.
- Assign work to resources for optimal execution.
- Technical supervision of subcontractors to meet quality standards. Quantity survey for site activities.

(March, 2015 – February, 2016)

Site Engineer, Rezaik Algedrawy Contracting Company.

Project: Elwaha 1A&1B and Elshrouk, Rabigh Mecca Region

Responsibilities:

- Supervising, inspecting and monitoring the site labor force and the work of subcontractors.
- Check plans, shop drawings and project documents.
- Resolve any technical difficulties and forecasts those that may arise.
- Revise subcontractors' invoices.

(March, 2014 – March, 2015)

Site Engineer, Rezaik Algedrawy Contracting Company.

Project: king Abdulla Economic City, Rabigh Mecca Region

Responsibilities:

- Site Preparation, Site Surveying works.
- Manage daily site activities and reporting to the responsible officer.
- Execution of the Concrete Skelton, finishing and road works.
- Reporting project progress.

Education

- BSc. of Civil Engineering, Zagazig University, June 2013.

خطاب تعريف
Introduction Letter

To Whom it May Concern

الى من يهمه الامر

Saudi Council of Engineers hereby certifies that

بهذا تشهد الهيئة السعودية للمهندسين بأن

Engineer \

المهندس \ احمد محمد فهمي القباني

has been registered with SCE as follows :
Membership ID : 995732
Classification: Engineering

تم تسجيله في الهيئة وفقا للبيانات التالية :
رقم العضوية : 995732
التصنيف : هندسة

Specialization : Civil Engineering

التخصص الرئيسي : هندسة مدنية

Membership Start Date : 12/19/2023
Validity : 12/19/2024

تاريخ بداية العضوية : 12/19/2023
صلاحية التسجيل حتى : 12/19/2024

This letter is issued upon his request without
any liabilities towards the Council.

وقد أعطي هذا الخطاب بناء على طلبه وبدون أدنى مسؤولية
تجاه الهيئة.

Best regards,

وتقبلوا خالص تحياتنا ,

الامين العام

Expiration Date: 07 March 2028

Citizenship: Egypt

ROBERE & ASSOCIATES (THAILAND)

Certificate of Achievement

This is to certify that

Ahmed Mohammed Fahmy Alkabbany

Has successfully passed all the course assessment requirements

QMS ISO9001:2015 Lead Auditor

Training Course

Course ID:18096 Certified by CQI-IRCA

Held in Egypt

Presented by

**Quality Institution For Engineering
& Management Consultancy**

In association with

**Robere & Associates (Thailand) Ltd.
(Approved Training Partner No:01180438)**

This course is certified by the CQI-IRCA and satisfies part of the formal training requirement for individuals seeking registration under the IRCA Auditor Registration Scheme. Certificates of successful completion are valid for five years from the last day of the course.

Certificate No.1389

ULN: 552651

Signed:

Paul J. Robere, Ph.D.
President
ISO Principal Auditor Number A013992

Date: 15th – 24th February 2024

Sherif El-Haggan & Partner
Contract Administration & Arbitration Bureau

Egypt for Management & Engineering Development

certifies that

Engineer / Ahmed Mohammed Fahmy Alkabbany

has successfully completed the requirements of
