## PROFESSIONAL SUMMARY

---

Architect with 7+ years of experience delivering commercial and residential projects across concept design, detailed design, and execution documentation stages. Experienced in managing design teams, coordinating with clients, and producing high-quality visual presentations and architectural animations. Strong background in commercial and residential-scale projects up to 2,500 - 10,000 sq. ft., with the ability to manage multiple deadlines in fast-paced environments. Currently based in Saudi Arabia with transferable Iqama and available for immediate joining.

### PROFESSIONAL REGISTRATION & MEMBERSHIP

- **PCATP Registered Architect – Pakistan Council of Architects and Town Planners**
- **Member, IAP – Institute of Architects Pakistan**

## PROFESSIONAL EXPERIENCE

---

### Freelance Architect

Aug 2024- Present

Responsibilities:

- Delivered 60+ residential, commercial, and interior design projects for local and international clients.
- Developed detailed architectural drawings, 3D models, high-resolution renderings, and walkthrough animations using SketchUp, Lumion, and D5 Render.
- Collaborated directly with 30+ clients to translate requirements into functional and buildable design solutions.
- Managed up to 5 concurrent projects while maintaining on-time delivery and design quality standards.

### Senior Architect (Design Lead – Small Projects)

Dec 2023 – Aug 2024

#### SA Architect

Responsibilities:

- Led design development for 8+ mid-scale architectural projects ranging from 2,500–10,000 sq. ft..
- Created detailed conceptual designs and visualizations using Sketchup and D5 Render.
- Supervised a team of 3–5 designers to deliver concept-to-presentation packages within tight client deadlines.

### Freelance Architect | (Remote)

May 2023 – Dec 2023

Responsibilities

- Developed interior layouts and architectural animations for 10+ remote residential projects.
- Design immersive 3D visual content to support marketing presentations and design approvals.

### Junior Architect | Concept Design

Nov 2022 – Apr 2023

Responsibilities:

- Assisted in planning and site coordination for 4+ building projects across various typologies.
- Prepared concept sketches and marketing visualizations for client presentations.
- Supported senior architects in drafting layouts and technical drawings using AutoCAD.

## **Project Architect (Part-Time) | Raja United**

**2018 – 2020**

Responsibilities:

- Contributed to 6+ commercial architecture projects from concept design through execution-stage documentation.
- Assisted in developing interior layouts, spatial planning strategies, and presentation drawings for client approvals.
- Prepared design documentation and coordinated with senior architects for site planning and construction-stage support.
- Created physical study models for planning coordination and design reviews.

## **Architectural Draftsman (Part-Time)**

**Nov 2017-2018**

### **ROSHAN ENGINEERING**

- Assisted in preparation of land survey drawings and measured site layouts.
- Drafted residential floor plans, sections, and elevations using AutoCAD.
- Contributed to planning and documentation of a 5 Marla residential house project.
- Supported design revisions and drawing updates under senior engineer supervision.
