SITE OPERATIONS | CONSTRUCTION & INDUSTRIAL | CREW COORDINATION

+90 552 594 1723 | Omarfaruuk6@gmail.com | Istanbul, Turkey | Open to: Saudi Arabia — All Regions | Kuwait | UAE | Qatar

## PERSONAL INFORMATION

Full Name	Omar Abdullahi Warsame	Date of Birth	1st January 1999
Nationality	Somali Citizen	Marital Status	Single
Religion	Muslim	Current Location	Istanbul, Turkey
Availability	Immediate — No Notice Period	Visa	Requires Sponsorship

## PROFESSIONAL SUMMARY

Physically strong, safety-conscious, and reliable site operations professional with 5+ years of hands-on experience across industrial, commercial, and construction environments. Proven ability to follow detailed operational and safety instructions precisely, coordinate effectively with site supervisors and engineering teams, maintain strict HSE compliance, and perform sustained physical work consistently across all shift patterns. Experienced in material handling, stock management, site operations, equipment operation, and crew coordination support. Advanced English communicator — certified to university level — able to read engineering documentation, brief crews, write site reports, and liaise directly with engineers and project managers without language barrier. Physically fit, immediately available, and fully committed to the highest standards of safety and quality performance on site.

## WORK EXPERIENCE

### Site Operations & Material Handling Specialist

Various Commercial & Industrial Clients — Istanbul, Turkey

2022 — Present

- Managed receipt, sorting, and accurate placement of materials and supplies into designated stock locations — maintaining full inventory records, FIFO rotation, and location logs with zero discrepancy across all assigned areas
- Performed detailed picking, packing, and labeling of fragile and high-value items against client specifications — applying correct handling techniques throughout and ensuring zero damage between receipt and delivery
- Operated site equipment and hand tools safely across industrial and construction environments — performing pre-use inspections, identifying faults, and reporting all defects to supervisors immediately before commencing work
- Maintained strict HSE compliance throughout every task — applying correct PPE, attending all safety briefings and toolbox talks, and actively supporting a safety-first culture across every site and assignment
- Coordinated clearly with supervisors and engineering teams — reading and following written instructions, work orders, and method statements accurately in English and relaying requirements to crew members without error
- Documented all site activities, material quantities, delivery logs, and inventory records accurately — maintaining complete and traceable records for management review and audit compliance at all times
- Monitored supply levels proactively — anticipating material shortages before they disrupted operations and communicating restocking requirements to supervisors immediately to prevent downtime
- Maintained clean, organised, and hazard-free work areas throughout every shift — managing waste disposal correctly, following 5S principles, and contributing to a disciplined and productive site environment
- Adapted reliably to varying site conditions, task requirements, and shift patterns — demonstrating consistent physical endurance, a cooperative attitude, and dependable performance across all environments

### Freelance Site Operations & Logistics Support

Self-Employed — Istanbul, Turkey

2020 — 2022

- Provided site operations, material handling, and logistics support across multiple commercial and industrial client assignments — maintaining full accuracy, physical safety, and professional conduct throughout every task
- Applied correct handling procedures for varied material types including heavy, fragile, and surface-sensitive items — preventing damage, ensuring correct storage, and meeting all client-specific quality requirements
- Supported site and construction tasks including clearing, carrying, stacking, and organising materials — demonstrating consistent physical endurance across full working days in all conditions and environments
- Earned consistent repeat contracts through punctual attendance, dependable performance, and a positive cooperative attitude — consistently exceeding supervisor expectations across every assigned location and task

## CORE SKILLS & COMPETENCIES

### Site & Construction Operations

- ▶ Site operations & physical labour
- ▶ Material handling & storage
- ▶ Stock management & FIFO rotation
- ▶ Equipment & tool operation
- ▶ Pre-use inspection & fault reporting
- ▶ Loading, unloading & stacking
- ▶ Site preparation & cleanup
- ▶ Multi-shift endurance & flexibility

### Coordination & Communication

- ▶ English — read, write & speak — Advanced
- ▶ Engineering document reading
- ▶ Crew briefing & instruction relay
- ▶ Supervisor & engineer liaison
- ▶ Delivery & inventory logging
- ▶ Site report writing
- ▶ Work order compliance
- ▶ Cross-team coordination

### Safety & Quality Standards

- ▶ HSE policy & procedure compliance
- ▶ PPE usage — always correct
- ▶ Toolbox talk participation
- ▶ Method statement compliance
- ▶ Waste disposal & segregation
- ▶ 5S workplace standards
- ▶ Hazard identification & reporting
- ▶ ISO-aligned work practices

## PHYSICAL CAPABILITY

Heavy Lifting Sustained

Extended Shifts All Conditions

Outdoor & Construction Site Working

Weekends & Holidays Flexible

## LANGUAGES

### ENGLISH

Advanced — Certified

### TURKISH

Fluent

### ARABIC

Basic

### SOMALI

Native

## EDUCATION

### High School Diploma — Honors

Anatolia Educational Centre

### English Language Proficiency — Advanced

Istanbul Arel University

## CAREER OBJECTIVE

To secure a site operations, production, or construction support role with a leading contractor or engineering company across the Gulf region. I am a physically capable, safety-disciplined, and English-fluent professional ready to contribute from day one across any operational environment. My goal is to build a long-term career with a company that values reliability, safety compliance, and genuine commitment — growing from site operations into increasing responsibility over time.
