Professional Summary:

A results-oriented Civil Engineer with over 7 years of hands-on experience in construction management, site supervision, concrete works, and finishing. Proficient in industry-standard software including AutoCAD, Primavera P6, and MS Project. A highly motivated professional, adept at managing projects from conception to completion, working effectively in team-based and independent capacities, and delivering high-quality results under pressure.

Work Experience:

Senior Manager | Modern Construction Pioneers

(November 2025 – Present)

- Leading integrated construction projects, overseeing both concrete and finishing phases.

Construction Manager | Inspire Company

(April 2023 – November 2025)

- Managed daily site activities and supervised construction teams to ensure operational efficiency.
- Oversaw all finishing works and implemented rigorous quality control protocols to meet project specifications.
- successfully completed construction projects, such as a 5-story building and a palace, in addition to several maintenance projects.

Project Manager | ARKAN Company:

(June 2022 – March 2023)

- Led project execution, resource allocation, and generated periodic performance reports for senior management.
- Improved team productivity by introducing new task management methodologies.

Site Engineer | SEG Company

(August 2021 – April 2022)

- Supervised the construction and finishing of water station projects.

Site Engineer | MB Décor Engineering Office

(March 2021 – July 2021)

- Executed concrete and finishing works for projects in Al Sheikh Zayed.

Site Engineer | Alasdiqaa Company

(August 2020 – December 2020)

- Supervised various infrastructure projects.

Freelance Design Engineer

(6 months duration)

- Prepared structural designs and drawings using AutoCAD, Safe, SAP, and ETABS.
