AI Madinah, Saudi Arabia

Khaled Mahmoud Ali

PROFESSIONAL SUMMARY

Detail-oriented Materials Controller with over 4 years of experience managing warehouse operations, inventory control, and ERP-based materials tracking within large-scale infrastructure and power projects in Saudi Arabia. Proven expertise in inventory accuracy, stock reconciliation, material flow optimization, and compliance with warehouse safety standards. Strong background in coordinating with procurement, engineering, and logistics departments to ensure uninterrupted material availability. Seeking to contribute to government entities and leading private-sector organizations by enhancing warehouse efficiency, improving inventory systems, and ensuring operational excellence.

EDUCATION

Bachelor of Management Information Systems

May 2020

- Al-Obour High Institute for Management & Informatics – Egypt

WORK EXPERIENCE

Materials Controller

Jun 2022 – Present

- Saudi Electromechanical Services Company – AI Madinah, Saudi Arabia
