PROFESSIONAL SUMMARY

I am an accounting professional with hands-on experience in financial operations, data analysis, and enhancing reporting accuracy through advanced accounting systems. I transform financial records into actionable insights that support decision-making, strengthen financial discipline, and improve operational clarity. I contribute to streamlining workflows, elevating the reliability of financial data, and analyzing performance indicators to support planning and liquidity management. I am expanding my expertise in financial analysis and digital finance tools to create measurable value in analysis, investment support, and financial services—enabling better forecasting, option evaluation, and institutional financial performance.

EXPERIENCE

Zaid Al-Hussein & Brothers Group | Riyadh, Saudi Arabia
