

MANSOUR ALI ALGHAMDI

HSE SUPERVISOR

✉ MANSOUR.ALGAMAD97@GMAIL.COM ☎ 0597189177 📍 JEDDAH

PROFILE

Experienced HSE Supervisor with 5+ years in managing safety operations for major infrastructure projects. Skilled in risk assessment, ISO 45001 implementation, and incident investigation. Strong ability to lead teams, ensure compliance, and promote a proactive safety culture focused on continuous improvement and zero incidents.

PROFESSIONAL EXPERIENCE

NESMA WATER&ENERGY 03/2025 – Present
HSE SUPERVISOR JEDDAH

As an HSE Supervisor, I oversee health, safety, and environmental operations, ensuring full compliance with ISO 45001 standards and regulatory requirements. My role includes conducting risk assessments and safety audits, leading incident investigations, implementing proactive safety programs, and training staff to foster a strong safety culture and maintain a zero-incident work environment.

EDSCO 08/2023 – 02/2025
HSE SUPERVISOR JEDDAH

As an HSE Supervisor at EDSCO in Jeddah, I oversaw health, safety, and environmental operations across multiple projects, ensuring compliance with company policies and regulatory standards. My role involved leading incident investigations, conducting safety audits, implementing comprehensive safety programs, and training staff to foster a strong culture of safety and proactive risk management.

FIRST FIX 09/2021 – 07/2023
HSE OFFICER JEDDAH

As an HSE Officer at First Fix in Jeddah, I was responsible for implementing and maintaining health, safety, and environmental standards across all site activities. My role focused on ensuring compliance with company and client HSE requirements, conducting safety inspections, and leading incident investigations to enhance overall site safety performance.

EDUCATION

INTERNATIONAL TECHNICAL COLLEGE, MAKKAH (NIAGARA COLLEGE) 09/2016 – 01/2020
DIPLOMA IN OCCUPATIONAL HEALTH & SAFETY MAKKAH

Completed a Diploma in Occupational Health & Safety, gaining comprehensive knowledge in workplace safety management, risk assessment, incident investigation, and compliance with health and safety regulations. Equipped with practical skills to implement and monitor HSE programs in various work environments.
