

Abdullah Abdulrahman Alshehri

Electrical Engineer

✉ eng.abdullahalbkr@gmail.com ☎ 0559473750 📍 Abha 🇸🇦 Saudi

PROFESSIONAL SUMMARY

- Electrical Engineering graduate with Honors from King_Khalid_University, specialized in Power Systems fundamentals, electrical distribution, and protection concepts.
- Professionally accredited by the Saudi Council of Engineers (SCE) with Membership No.1147243.
- Completed 200 volunteer hours.

EDUCATION

King Khalid University (KKU) 01/2021 – 06/2025 | Abha, SA
Bachelor's Degree in Electrical Engineering.

PROFESSIONAL EXPERIENCE

Electrical Engineer 06/2024 – 08/2024 | Abha, SA
Saudi Electricity Company

- Assisted in inspection and testing of electrical equipment.
- Gained knowledge of safety standards and fault diagnosis.

Graduation Project 06/2024 – 06/2025 | Abha, SA
Automatic self balancing using digital control

- Design and implementation of an automatic self-balancing system using digital control.
- Applied feedback control principles and system stability concepts.
- Conducted system testing and performance analysis.

SKILLS

Soft Skills

- Teamwork and working under pressure.
- Problem solving and critical thinking.
- Professional Ethics.

Applied Skills

- Fundamentals of AI
- Electrical Protection Basics.
- Fault Identification.
- Programming: C++, Python (Basic).
- Software: MATLAB, MS Excel, MS Word.

COURSES

More than 150 training hours, most notabl:

Testing and Commissioning Course.

Smart Electricity Distribution Network.

Energy Efficiency.

PV Solar System: Commissioning and Maintenance.

Advanced Excel.

Total Quality Management.
