---

### **Work Experience:**

**10/2024 – 2/2026 Rabigh ( Saudi Arabia )**

**Civil Site Engineer**, Horizon Electro Mechanical International LTD ( HEMI )

**Project : IWTP 2- RAYIS - RABIGH INDEPENDENT WATER TRANSMISSION PIPELINE (151KM)  
AND RELATED FACILITIES**

- Led project teams, including subcontractors, for day-to-day operations and progress monitoring.
- Ensured adherence to specifications through regular material checks and site inspections .
- Reviewed work programs submitted by contractors, offering feedback and providing guidance .
- Issued detailed progress reports, ensuring effective tracking and communication with clients .
- Prepare detailed daily, weekly, and monthly progress reports for clients and stakeholders .  
Manage site safety protocols and ensure compliance with HSE standards .
- Review and verify construction drawings, coordinating inspections with the quality department to maintain high standards .

- Monitored all site activities and verified material compliance with project specifications.
- Monitor all site activities to ensure materials and workmanship comply with project specifications
- Ensure that materials used meet specifications and established standards of quality

### **09/2023 – 10/2024 Buhera, Egypt**

**Site engineer**, Nabawy Hegazy Company working in sewage Station and Networks

- Day-to-day management of the site, including supervising and monitoring the site labour force and the work of any subcontractors to assure contract compliance.
- Ensure execution of work according to approved drawings, design and specifications.

Supervised the execution of sanitary drainage networks, lifting and treatment stations, and construction works according to drawings and technical specifications Executed gravity and force main pipelines, manholes, and network connections to public utilities Monitored excavation, backfilling, concrete pouring, and sanitary pipe installation Oversaw the civil works of pumping and treatment stations ensuring compliance with design standards

---

### **Software Skills**

- AutoCAD
- Microsoft Office (including Excel VBA macros)

---

### **personal strengths**

Results-Driven, Project Management, Strategic Leadership, Risk Management, Quality Control, Bud get Optimization, Technical Problem-Solving, Stakeholder Collaboration, Civil Engineering Expertise, Infrastructure Development, Time Efficiency
