SUMMARY

An architect with more than 4 years of experience in the field of architectural technology, specializing in the preparation and development of executive plans using AutoCAD, AutoCAD Civil 3D, and Revit programs. I participated in several prominent projects, which gained me a strong practical experience in coordinating and developing architectural drawings and executive plans. I aspire to continue developing my skills in my field of specialization, and expand in the field of project management to achieve more efficient and professional engineering performance, and troubleshooting. Bilingual in English and Arabic.
