QA/QC ENGINEER

QA/QC Professional | ISO 9001 Specialist | Construction & Manufacturing Compliance

PROFESSIONAL SUMMARY

Results-driven QA/QC Engineer with a decade of expertise in upholding stringent quality standards across construction, oil & gas, and manufacturing sectors. Proven track record in safeguarding product and process integrity through comprehensive inspections, audits, and testing protocols. Adept at implementing robust QC systems that reduce defects, ensure regulatory compliance, and align deliverables with client specifications.

KEY SKILLS

- ✓ **Quality Systems & Management:** Quality Control & Assurance (QA/QC) Management, QA/QC Documentation (ITPs, Method Statements, Reports), Root Cause Analysis (RCA) & Corrective/Preventive Actions (CAPA).
- ✓ **Technical Inspection & Testing:** Material & Process Inspection (Welding, Concrete, Steel), Non-Destructive Testing (NDT) Coordination.
- ✓ **Compliance & Standards:** Regulatory & Safety Compliance, Risk Assessment, Audits (Internal/Supplier).
- ✓ **Software & Tools:** SAP (QM Module), AutoCAD, MS Office Suite.

QA/QC Engineer

Saadullah Khan & Brothers (SKB) Engineering & Construction, Lahore, Pakistan | Month 2017 – Present

- ✓ Conducted daily on-site and process inspections to ensure compliance with **ASTM, ACI, and client project specifications.**

- ✓ Performed **welding inspections** (visual, NDT) and **material testing** for concrete, steel, and coatings.
- ✓
- ✓ Prepared and reviewed critical **QA/QC documentation**, including Inspection & Test Plans (ITPs), Method Statements, and Quality Reports.
- ✓ Coordinated directly with third-party inspectors (TPI) and clients to facilitate inspections and secure approvals.
- ✓ Implemented **corrective actions** for non-conformities, **eliminating rework** by 100% on targeted processes.

QA/QC Inspector

Descon Engineering Limited – Punjab, Pakistan | Month 2010 – Month 2013

- ✓ Monitored and documented all quality control activities for major projects, including **high-rise buildings and pipeline installations**.
- ✓ Conducted and analyzed **material lab tests** (compressive strength, slump test) and maintained precise **equipment calibration records**.
- ✓ Supported **internal quality audits** and ensured continuous compliance with **ISO 9001 Quality Management System** standards.

EDUCATION & CERTIFICATIONS

- ✓ Bachelor of Science in Civil Engineering
University of engineering science and technology – 2017

TECHNICAL PROFICIENCIES

- ✓ Standards: **ISO9001, ASTM, ACI, ASME,**
- ✓ Software: **AutoCAD, MSProject, SAPQM, Primavera**

LANGUAGES

- ✓ English (Fluent)
- ✓ Urdu (Fluent)
