Saudi Arabia, Tabuk

## ACADEMIC CREDENTIALS

- 2021 **MECHANICAL ENGINEERING**
  - Christ University
- 2017 **HIGHER SECONDARY**
  - Central Board of Secondary Education
  - SN Vidya Bhavan Senior Secondary School
- 2015 **SSLC**
  - Central Board of Secondary Education
  - SN Vidya Senior Secondary School

## TECHNICAL QUALIFICATIONS

- DIPLOMA IN NDT QA QC
- DIPLOMA IN ADVANCED LEVEL OF DIGITAL MARKETING
- ASNT LEV-2 (Diploma) QUALITY CONTROL | 2023
- Specialization Primavera p6
  - Core Institute of Technology
- DIPLOMA CADD SPACE | 2023
- Specialization Quality Control
  - CADD SPACE

## CERTIFICATION COURSE

- Completed online course on "SOLAR ENERGY" on Coursera
- Completed online course on "WIND POWERPLANT" on Coursera
- Completed online course on Advanced Digital Marketing

## PROFILE SUMMARY

Dedicated and versatile professional with 3 years of hands-on experience as a Planning Engineer, now eagerly seeking a challenging role in the same field. Demonstrated ability to ensure the smooth operation and maintenance of generators while providing critical technical support. Possesses a solid foundation in project scheduling and resource management, gained through formal education and early career exposure. Proactive problem solver with a meticulous eye for detail, poised to contribute a strong work ethic to optimize project planning and execution. Ready to leverage technical expertise and analytical skills to excel in planning engineering.

## KEY SKILLS

## EMPLOYMENT CHRONICLE

### PLANNING ENGINEER | 6 Months

#### EVERSENDAI ENGINEERING PROJECT – TROJENA HILLS, TABUK, SAUDI ARABIA

- Worked as a Planning Engineer on the NEOM City Trojena Hills project, supporting project planning and scheduling activities.
- Prepared and maintained project schedules using Primavera P6.
- Created and monitored daily, weekly, and monthly progress reports to track project performance and milestones.
- Assisted in project planning, progress tracking, and coordination with project teams to ensure timely execution of activities.
- Analyzed project timelines and updated schedules based on site progress and project requirements.
- Ensured accurate documentation and reporting to support project management decisions.

### PLANNING ENGINEER | 2 Years

#### GULF ASIA OIL AND GAS (NFS PROJECT), RAS LAFFAN

- Contributed to the execution of Engineering, Procurement, and Construction activities within the oil and gas sector for the NFS (North Field South) project.
- Developed detailed project schedules using Primavera P6 and monitored progress to ensure on-time delivery.
- Coordinated with engineering, procurement, and construction teams to align project timelines and resources.

## REFERENCE

- Available upon request

- Identified and mitigated potential delays, ensuring efficient project execution.
- Prepared weekly and monthly reports for stakeholders and senior management.

## JUNIOR PLANNING ENGINEER | 1 Year

### JBM BANGALORE, INDIA

- Collaborate with project managers and senior planning engineers to develop project plans and schedules.
- Assist in identifying potential risks and their impact on the project schedule and budget.
- Manage changes to the project scope, schedule, and resources and assess their impact.
- Create and maintain project schedules using scheduling software such as Microsoft Project, Primavera P6, or similar tools.
- Develop and implement a work breakdown structure to break the project into manageable tasks and activities.

## PROJECTS

- Conducted a project focusing on the implementation of battery swapping technology within the context of electric vehicles.
- Conducted research aimed at generating bioelectricity through wastewater treatment, employing a single-chamber microbial fuel cell as a key component.
- Engaged in research dedicated to exploring the application of regenerative braking systems within the electric vehicle domain.

## INTERNSHIP AND INDUSTRIAL VISIT

- **Industrial visit at Hindustan Aeronautical limited (HAL), Bangalore**
- **Industrial visit at Bangalore Metro Rail Corporation Limited (BMRCL)**

## PERSONAL STRENGTH

- **PROJECT MANAGEMENT SOFTWARE:** Proficiency in project management software tools like Microsoft Project, Primavera P6, or similar applications to create, update, and analyse project schedules.
- **SCHEDULING TECHNIQUES:** Knowledge of critical path method (CPM), precedence diagramming method (PDM), and other scheduling techniques to create detailed project schedules.
- **RESOURCE ALLOCATION:** Ability to allocate resources (labor, equipment, materials) efficiently within project schedules.
- **RISK MANAGEMENT:** Identifying potential project risks and developing risk mitigation plans to ensure project timelines are met.

## DECLARATION

I hereby declare that the above-mentioned information is true and I bear the responsibility for the correctness of the above-mentioned particulars.
